The Brigandshaw Chronicles Box Set (Books 1 to 3) Peter Rimmer,2018-06-28 **Moto** ,2001 **Now That the Dust Has Settled** Athanasio Dzadagu,2015-03-26 In this book I try to explore why one section of the Catholic Community connected with the late Archbishop Chakaipa was overtaken by great remorse when he died while another went into jubilation This leads me into the examination of what kind of person Archbishop Chakaipa was I do this in the context of his family background and his priestly and Episcopal ministries He was of the Unendoro clan with a history tracing back to Karanga roots In his Seminary years he wrote five Shona novels which became very influential in developing Shona literacy He earned enduring respect across the entire Zimbabwean nation for this achievement Within Church circles Archbishop Chakaipas name is synonymous with the policy of self reliance which was his signal achievement in the Archdiocese of Harare He was determined to see the development of indigenous Zimbabwean writers frustrated that the world of ideas in Zimbabwe was dominated by Eurogenic of European origin missionaries In his view such Eurogenic intellectual domination undermined Zimbabwean and African independence In the book I argue that while Archbishop Chakaipa was a hero indeed one deserving of canonisation as a Catholic saint true respect for him should also acknowledge his negative qualities **A Social History of the Shona Novel** Emmanuel Chiwome,2002 Shona literature now comprises 85% of literature published for schools in Zimbabwe an indication of its significance for the understanding of the philosophical and historical base of the understanding of a language people and nation Chiwome s book argues that the productivity of Shona fiction is inseparable from the dialects of history first colonialism then development and exposes colonialist notions about Shona cultural values and the implications for reading and writing the literature He analyses Shona writers predilections for certain genres of fiction asking why colonialism did not produce historical committed literature and why moralistic and fantastical modes prevail In the latter part of the book he adopts Manichean and Fanonian psychoanalytic approaches to African fictional characters suffering inferiority and collective paranoia and discusses how this relates to the aesthetic qualities of the literatures of decolonisation **Religion, Women's Health Rights, and Sustainable Development in Zimbabwe: Volume 2** Sophia Chirongoma,Molly Manyonganise,Ezra Chitando,2022-08-26 This volume brings to the fore the interface of religion women s sexual reproductive health and rights SRHR and the sustainable development goals SDGs in Zimbabwe It emphasizes that empowering African women is a pivotal pillar for attaining sustainable development Contributors discuss the need for implementing structural changes as a prerequisite for social progress and development to occur in Southern Africa They interrogate the extent to which religious beliefs and practices either promote or impede women s SRHR The contributors also proffer several ways in which addressing the themes of health for all and equality for all women and girls can make a meaningful contribution towards the fulfillment of the goals set for Agenda 2030 *Horizon* ,1992 **Education and Development in Zimbabwe** Edward Shizha,Michael T. Kariwo,2012-01-01 The book represents a

contribution to policy formulation and design in an increasingly knowledge economy in Zimbabwe It challenges scholars to think about the role of education its funding and the egalitarian approach to widening access to education The nexus between education democracy and policy change is a complex one The book provides an illuminating account of the constantly evolving notions of national identity language and citizenship from the Zimbabwean experience The book discusses educational successes and challenges by examining the ideological effects of social political and economic considerations on Zimbabwe s colonial and postcolonial education Currently literature on current educational challenges in Zimbabwe is lacking and there is very little published material on these ideological effects on educational development in Zimbabwe This book is likely to be one of the first on the impact of social political and economic meltdown on education The book is targeted at local and international academics and scholars of history of education and comparative education scholars of international education and development undergraduate and graduate students and professors who are interested in educational development in Africa particularly Zimbabwe Notwithstanding the book is a valuable resource to policy makers educational administrators and researchers and the wider community Shizha and Kariwo s book is an important and illuminating addition on the effects of social political and economic trajectories on education and development in Zimbabwe It critically analyses the crucial specifics of the Zimbabwean situation by providing an in depth discourse on education at this historical juncture The book offers new insights that may be useful for an understanding of not only the Zimbabwean case but also education in other African countries Rosemary Gordon Senior Lecturer in Educational Foundations University of Zimbabwe Ranging in temporal scope from the colonial era and its elitist legacy through the golden era of populist universal elementary education to the disarray of contemporary socioeconomic crisis covering elementary through higher education and touching thematically on everything from the pernicious effects of social adjustment programmes through the local deprofessionalization of teaching this text provides a comprehensive wide ranging and yet carefully detailed account of education in Zimbabwe This engagingly written portrayal will prove illuminating not only to readers interested in Zimbabwe s education specifically but more widely to all who are interested in how the sociopolitical shapes education how ideology policy international pressures economic factors and shifts in values collectively forge the historical and contemporary character of a country s education Handel Kashope Wright Professor of Education University of British Columbia Which Degree? ,1990 **The Book Trade of the World** Sigfred Taubert,1972 *Southern Africa Political & Economic Monthly* ,1996 Zimbabwe Press Mirror ,1999 **Rhodesia Calls** ,1975 *Africa Calls from Rhodesia and Nyasaland* ,1976 **African Studies** British Library,1986 **O-Level Shona Grammar** K. Bruehwiler,B. Inauen,1974 *O-level Shona Grammar* B. Inauen,K. Bruehwiler,C. Gadzikwa,1983 **Focus Study AIDS - 'O' Level Shona Revision** Willie L. Chigidi,1986 **Shona Interactive Sound Book** Dialect Dialogue,2021-01-14 A fun informative and interactive Shona beginner s book The reader will hear recorded Shona and English words and phrases on the push of the associated image
