Providence and the Invention of American History Sarah Koenig, 2021-01-01 How providential history the conviction that God is an active agent in human history has shaped the American historical imagination In 1847 Protestant missionary Marcus Whitman was killed after a disastrous eleven year effort to evangelize the indigenous peoples of the Pacific Northwest By 1897 Whitman was a national hero celebrated in textbooks monuments and historical scholarship as the Savior of Oregon But his fame was based on a tall tale one that was about to be exposed Sarah Koenig traces the rise and fall of Protestant missionary Marcus Whitman's legend revealing two patterns in the development of American history On the one hand is providential history marked by the conviction that God is an active agent in human history and that historical work can reveal patterns of divine will On the other hand is objective history which arose from the efforts of Catholics and other racial and religious outsiders to resist providentialists pejorative descriptions of non Protestants and nonwhites Koenig examines how these competing visions continue to shape understandings of the American past and the nature of historical

Baer,2017-03-10 Elaborate cinematic universes and sophisticated marketing tie ins are commonplace in entertainment today It s easy to forget that the transmedia trend began in 1982 with a barbarian action figure He Man and the other characters in Mattel s popular Masters of the Universe toy line quickly found their way into comic books video games multiple television series and a Hollywood film The original animated series 1983 1985 was the first based on an action figure and the cult classic Masters of the Universe 1987 was the first toy inspired live action feature film But it wasn t easy He Man faced adversaries more dangerous than Skeletor entertainment lawyers Hollywood executives even the Reagan administration The heroes and villains of Eternia did more than shape the childhoods of the toy buying public they formed the modern entertainment landscape **Captivators for Christ** R.C. Milco,2019-04-02 The impossibility of forgiving another as we have been forgiven was intended to drive us to our knees When our lives are shredded in the proclamation of Him who pardoned the undeserving we are propelled into the only Refuge we have the Redeemer who bought us back from the dead and now enables us to serve in His style of ministry From where do our reserves come when expenditures are daunting Where do we find strength to persevere And how are we to not lose heart when longing to see others captivated by the Lord s love we fail to witness any fruitfulness in the long suffering Through the Biblical meditations offered in Captivators for Christ the reader is invited to contemplate the cross where all of

the forfeitures and losses of extending forgiveness are eclipsed by the lavish and matchless love of God our Rescuer

Martyrs Mirror David Weaver-Zercher, 2016-03-15 The first scholarly history of the iconic Anabaptist text Approximately 2 500 Anabaptists were martyred in sixteenth and early seventeenth century Europe Their surviving brethren compiled stories of those who suffered and died for the faith into martyr books The most historically and culturally significant of these The Bloody Theater more commonly known as Martyrs Mirror was assembled by the Dutch Mennonite minister Thieleman van Braght and published in 1660 Today next to the Bible it is the single most important text to Anabaptists Amish Mennonites and Hutterites In some Anabaptist communities it is passed to new generations as a wedding or graduation gift David L Weaver Zercher combines the fascinating history of Martyrs Mirror with a detailed analysis of Anabaptist life religion and martyrdom He traces the publication use and dissemination of this key martyrology across nearly four centuries and explains why it holds sacred status in contemporary Amish and Mennonite households Even today the words and deeds of these martyred Christians are referenced in sermons Sunday school lessons and history books Weaver Zercher argues that Martyrs Mirror was designed to teach believers how to live a proper Christian life In van Braght s view accounts of the martyrs helped to remind readers of the things that mattered thus inspiring them to greater faithfulness Martyrs Mirror remains a tool of revival offering new life to the communities and people who read it by revitalizing Anabaptist ideals and values Meticulously researched and illustrated with sketches from early publications of Martyrs Mirror Weaver Zercher s ambitious history weaves together the existing scholarship on this iconic text in an accessible and engaging way

The Power of the God Who Can't Russ Dean, 2023-10-31 In a world that values power above all else we need to rethink God It s not just better athletes and bigger engines but weapons of mass destruction assault rifles lethal drugs Our obsession with stronger faster more and bigger everything is killing us and at the top of this power pyramid an all powerful God validates it all For those who want a theology justifying the power game in all its forms omnipotence is the perfect pretext but for a growing segment of our modern scientific world the notion of an all controlling deity sounds increasingly superstitious tribalistic People of faith must do better Our world needs a God whose nature is love not all controlling power That God the God who can t is even more powerful The survival of the world even the future of God may depend on us learning to say God always does everything God can do

People and Things from the Blount County, Alabama, Blount County Journal 1909 - 1918 Robin Sterling, 2015-04-26 The Blount Count Journal published in

Oneonta from 1909 to 1918 Compared to other Blount County papers the Journal was only a small blip on the journalistic radar in Blount County However it is an often overlooked and untapped source of great genealogical and historical knowledge While some of the articles mirror those published in its contemporary publications often the Journal captured other obituaries and news missed by the Democrat Most of the original copies of the Journal were found in the court house in Oneonta These were reviewed for notices of births marriages obituaries and interesting news items Missing issues from the court house were reviewed at the State Archives in Montgomery This book will add to the body of knowledge of Blount County Alabama and will serve as a useful tool for area genealogists and historians

Whose America? Jonathan Zimmerman, 2022-08-26 In this expanded edition of his 2002 book Zimmerman surveys how battles over public education have become conflicts at the heart of American national identity Critical Race Theory The 1619 Project Mask mandates As the headlines remind us American public education is still wracked by culture wars But these conflicts have shifted sharply over the past two decades from religious issues to national ones marking larger changes in the ways that Americans imagine themselves From the Scopes Trial over evolution in the 1920s through battles over school prayer in the 80s and 90s the twentieth century's bitterest school battles were tied to questions of faith By contrast America forged truces over history instruction by adding new groups to a shared patriotic story of freedom and progress Jonathan Zimmerman forecast as much in his 2002 book *Whose America* Twenty years later though Zimmerman has reconsidered arguments over what American

history is what it means and how it is taught have exploded with special force in recent years whether over Confederate monuments the naming of buildings and institutions or the very definition of patriotism In this substantially expanded new edition Zimmerman meditates on the history of the culture wars in the classroom and on what our inability to find common ground might mean for our future

Faith Ed Linda K. Wertheimer, 2015-08-18 An intimate cross country look at the new debate over religion in the public schools A suburban Boston school unwittingly started a firestorm of controversy over a sixth grade field trip The class was visiting a mosque to learn about world religions when a handful of boys unnoticed by their teachers joined the line of worshippers and acted out the motions of the Muslim call to prayer A video of the prayer went viral with the title Wellesley Massachusetts Public School Students Learn to Pray to Allah Charges flew that the school exposed the children to Muslims who intended to convert American schoolchildren Wellesley school officials defended the course but also acknowledged the delicate dance teachers must perform when dealing with religion in the classroom Courts long ago banned public school teachers from preaching of any kind But the question remains How much should schools teach about the world's religions Answering that question in recent decades has pitted schools against their communities Veteran education journalist Linda K Wertheimer spent months with that class and traveled to other communities around the nation listening to voices on all sides of the controversy including those of clergy teachers children and parents who are Muslim Jewish Christian Sikh or atheist In

Lumberton Texas nearly a hundred people filled a school board meeting to protest a teacher s dress up exercise that allowed freshman girls to try on a burka as part of a lesson on Islam In Wichita Kansas a Messianic Jewish family s opposition to a bulletin board display about Islam in an elementary school led to such upheaval that the school had to hire extra security Across the country parents have requested that their children be excused from lessons on Hinduism and Judaism out of fear they will shy away from their own faiths But in Modesto a city in the heart of California s Bible Belt teachers have avoided problems since 2000 when the school system began requiring all high school freshmen to take a world religions course Students receive comprehensive lessons on the three major world religions as well as on Sikhism Hinduism Buddhism and often Shintoism Taoism and Confucianism One Pentecostal Christian girl terrified by idols including a six inch gold Buddha learned to be comfortable with other students beliefs Wertheimer s fascinating investigation which includes a return to her rural Ohio school which once ran weekly Christian Bible classes reveals a public education system struggling to find the right path forward and offers a promising roadmap for raising a new generation of religiously literate Americans **The Christian Advocate** ,1906
