Culture is the totality of a people's way of life. It is the sum of those distinctive behaviors that differentiate a group of people from other groups. Culture is the thing that gives people a name and identity. The character of God also referred to in this book as Christian culture is God's spiritual accent. Communication is often made very difficult when the people involved have different tonal accents. In the same way, communication or relationship with God is made difficult if not impossible when believers possess behavioral accents different from that of their God. This book, Christian Culture: The Accent of God, will take you on an explorative journey of the character of God and much more things and will challenge you to model your life after God's character. visions This is a very important subject in the life of a human being So let me start by saying this powerful statement life is a vision and those who have the opportunity to live are sustained by dreams and visions The first statement of the holy bible quotes that In the beginning was God Before the foundations of the earth He was there He created the heavens and the earth day and night seasons and years all different kinds of plants vegetation and animals and most importantly us humans In all this wonderful creation we note that the main focus was on man who was created for the sole purpose of dominating the earth and manifesting Gods vision Allow me to declare that God had a vision to dominate and rule in this heaven and earth that He had created However he decided to create man and give him that mandate of manifesting His kingdom here on earth We note that when every other living thing was created only words were released but with man He created them in His likeness and further breathed on him thus putting the God nature in him see Genesis 2 7 Now I hope you understand me clearly when I say life is Gods vision If you could take your time and study life in general you will agree with me that any outcome of the human life has so much to do with their dreams and visions What you are today is a result of certain actions decisions you have taken previously and most clearly they relate to your dreams and visions beliefs This applies to every human being living under the sun It is worth noting though that many peoples lives are controlled by the dreams and visions of others Not that they cannot live a life of their own dreams and visions but because of lack of knowledge and understanding of who they are and what they are capable of doing in this life I believe the subject covered in this book is very important for everybody regardless of their age race skin colour gender background etc This book will blow your mind and will cause you to understand who you are what you can achieve as well as how you can achieve those dreams and visions you have for your life It will further inform and remind you about the strongholds and pillars of unlimited success in this life Man ought to understand that he has only one opportunity to live in this world hence they have to fully utilize their opportunities to the maximum You need to understand that this life is a once off gift Physically man is born once and thereafter awaits death Now for life to have a sense of meaning and direction there is no other way but to follow the rules that will give you the best results If you take life as a game you need to understand the rules of the game in order to win So in this book we want to define life as a vision hence we will be discussing the rules of a vision thereof *Billionaire's Mind-Set* Antony Paul Maina, 2010-04 If you can actually count your money you are not really a rich man John Paul Getty Art collector and oil billionaire It is a tragedy that most people in life work twice as hard as the Rich and Wealthy why the disparity This book is about getting rich and not apologising about it You owe it to yourself and humanity to live the best life not just getting by Discover the many misconceptions about wealth and riches that could actually be preventing you from the kind of life you dream about Change the way you think and you ll change the size of your pocketbook The good news is that you are a book away from discovering what is already made available to you In this no nonsensical book you ll discover The Ladder of perpetual success How dreamers shape the world Why confidence will propel you to greater heights Why positive things

happen to positive people How to tap into your subconscious reservoir The great leaders synergy How to deal with the eight cardinal success blockers Why character and not appearance is everything and much more This book is not like any other you ever read If you honestly want to become wealthy and filthy rich then this book SAY TO A BILLIONaire s mindSET will show you how and it s about time you got WEALTHY and RICH
