Paradise Jasbir Juggi, 2024-03-29 No one knows heaven's paradise but earthly paradises created by mortals may mirror the paradise of the afterlife Mughal Emperor Shah Jahan crafted paradises with Diwan e Khas in Delhi and the Taj Mahal in Agra Enthralled by the splendor he inscribed a Persian couplet on the Diwan's arches If there is paradise on earth it is this it is this it is this The title and contents of this book echo the crux of this couplet This travelogue explores the author's five decade journey through European monarchs architectural marvels of paradisiacal proportions and their eminence relative to South Asian architectural resurgence under Shah Jahan in the 17th century CE Building Histories Mrinalini

Rajagopalan, 2017-03-01 Building Histories offers innovative accounts of five medieval monuments in Delhi the Red Fort Rasul Numa Dargah Jama Masjid Purana Qila and the Qutb complex tracing their modern lives from the nineteenth century into the twentieth Mrinalini Rajagopalan argues that the modern construction of the history of these monuments entailed the careful selection manipulation and regulation of the past by both the colonial and later postcolonial states Although framed as objective archival truths these histories were meant to erase or marginalize the powerful and persistent affective appropriations of the monuments by groups who often existed outside the center of power By analyzing these archival and affective histories together Rajagopalan works to redefine the historic monument far from a symbol of a specific past the monument is shown in Building Histories to be a culturally mutable object with multiple stories to tell **The Courtroom**

as a Space of Resistance Awol Allo, 2016-03-09 Fifty years before his death in 2013 Nelson Mandela stood before Justice de Wet in Pretoria's Palace of Justice and delivered one of the most spectacular and liberating statements ever made from a dock In what came to be regarded as the trial that changed South Africa Mandela summed up the spirit of the liberation struggle and the moral basis for the post Apartheid society In this blistering critique of Apartheid and its perversion of justice Mandela transforms the law into a sword and shield He invokes it while undermining it uses it while subverting it and claims it while defeating it Wise and strategic Mandela skilfully reimagines the courtroom as a site of visibility and hearing opening up a political space within the legal This volume returns to the Rivonia courtroom to engage with Mandela's masterful performance of resistance and the dramatic core of that transformative event Cutting across a wide range of critical theories and discourses contributors reflect on the personal spatial temporal performative and literary dimensions of that constitutive event By redefining the spaces institutions and discourses of law contributors present a fresh perspective that re sets the margins of what can be thought and said in the courtroom *The Red Fort* James Leasor, 2014-10-20 A year after the Crimean War ended an uprising broke out in India which was to have equal impact on the balance of world power and the

British Empire's role in world affairs The revolt was against the East India Company which not entirely against its will had assumed responsibility for administering large parts of India The ostensible cause of the mutiny sprang from a rumour that cartridges used by the native Sepoy troops were greased with cow's fat and pig's lard cows being sacred to the Hindus and pigs abhorred by the Mohammedans But the roots of the trouble lay far deeper and a bloody and ineptly handled war ensued The Red Fort is a breathtaking account of the struggle with all its cruelties blunderings and heroic courage When peace was finally restored the India we know today began to emerge This is a battle piece of the finest kind detailed authentic and largely written from original documents Never has this story of hate violence courage and cowardice been better told The New York Times

The Story of the Red Fort Swapna Dutta, 2002 *The Trial that Shook Britain* Ashis Ray, 2024-11-05

The Indian National Army INA trials of 1945-46 have generally been given short shrift by historians in their cataloguing of the Indian freedom movement This book examines to what extent the trials had an impact on the final phase of India's quest for independence In so doing it unveils that while the Indian National Congress's extended odyssey to win independence was essentially about a passive push back at a critical juncture of its campaign to extinguish British colonialism in India it applauded and capitalised on the INA's use of force The central explosive narrative is about Britain holding a court martial of three officers of the INA Shah Nawaz Khan Prem Sahgal and Gurbaksh Dhillon convicting them before a dramatic turn in events The material unearthed by the book throws new light on a decisive juncture leading to the transfer of power in India It will be indispensable for researchers interested in South Asia especially the Indian freedom movement It will be invaluable for students of history colonialism military studies politics in pre-Partition India and law
