Moses Elisha Johnson, 2022-06-15 This book is FREE and a token of God's love Moses considers this book an effectual composition of love letters letters of difficult truths letters of growth letters of compassion and letters of encouragement It is a continuation of the Revitalization series that is thought to be a mix between religion her story of transformation and helping others Her currently published book titled Eyedentity kicks off this book series by tackling components of sexuality issues of the Christian life social injustices and many other things that were placed upon her heart after having an encounter with God This book however is noted to be more simplistic in its aims impactfully sharing more parts of her own story of brokenness and change through the thoughtful composition of letters written by her with the help of the Holy Spirit She hopes that those who read will be positively impacted and that they will ultimately find the same pleasure love pure joy peace and restoration that she also found in Jesus **Working to Restore** Esha Chhabra, 2023-03-21 A 2023 Porchlight Business

Book Award and Inc Non Obvious Book Award winner Dispatches from the regenerative landscape where pioneering entrepreneurs use their businesses as catalysts of change to go beyond sustainability and solve social and environmental problems Political upheaval and social turmoil have peeled back the glitzy layers of capitalism to reveal an uncomfortable truth historically businesses have sourced materials from remote corners of the globe and moved millions of people and tons of cargo around the clock all in the name of profit Yet many of today's startups are rewriting the rules of business how it's done by whom and most importantly for what purpose Journalist Esha Chhabra draws on her decades of reporting to explore not only the feel good do good factors of these restorative enterprises but also the nuanced realities and promise of regenerative business operations Working to Restore examines revolutionary approaches in nine areas agriculture waste supply chain inclusivity for the collective good women in the workforce travel health energy and finance The companies profiled are solving global issues promoting responsible production and consumption creating equitable opportunities for all encouraging climate action and more Chhabra highlights how their work moves beyond the greenwashed idea of sustainability into a new era of regeneration and restoration We meet and learn from people like Marius Smit founder of Plastic Whale the first company to build boats entirely out of plastic waste removed from our oceans and waterways Sbastien Kopp and Francois Ghislain Morillion cofounders of Veja a shoe brand whose mission it is to make the most ecologically sensitive shoes possible Konrad Brits at Falcon Coffees a trading company leading the way with a collaborative supply chain by investing in the local farmers who grow and harvest coffee beans Chief Toaster Rob Wilson and Tristram Stuart at Toast Ale who partner with Wold Top Yorkshire Brewery to repurpose surplus bread and produce an award winning IPA Scott Fry

and Martha Butler of Loving Earth a supply chain company that sources cacao from indigenous communities and brings their people and practices to the forefront Working to Restore highlights our most innovative entrepreneurs yet those who understand that we cannot expect to create radical change if we try to sustain a system that has long been broken Instead their efforts of restoration and regeneration should be used as a model for other forward thinking enterprises Inspiring and engaging this book shows it is possible for a business to thrive while living its mission and how the rules can be rewritten to put both the planet and its global citizens at the center
