The International Status of Taiwan in the New World Order: Legal and Political Considerations Jean-Marie Henckaerts, 1996-09-01

This book examines the most important issues determining the international status of Taiwan today its international legal status the viability of its flexible democracy its efforts to gain

participation or membership in international organizations most notably the United Nations and its future relations with mainland China ranging from reunification to declared independence Issues of American and European foreign policy and of domestic Chinese and Taiwanese politics are also addressed where relevant This book is unique in that it looks at the question of Taiwan from the perspective of both international law and politics as it confronts the imperatives of law and the limitations of real world politics As a result it offers insights and strategies that are both sensible and feasible This book is aimed at scholars and practitioners of international law and international relations alike

The Heritage of World Civilizations Albert M. Craig, 2005-03 For undergraduate level World Civilization or World History courses This comprehensive accessible survey of world history has been extensively revised to provide an even more global and comparative perspective on the events and processes that have shaped our increasingly interdependent world Written by leading scholars in their respective fields Heritage of World Civilizations 7 e combines unusually strong and thorough coverage of the unique heritage of Asian African Islamic Western and American civilizations while highlighting the role of the world's great religious and philosophical traditions
