Novice Non-native English Language Teachers Navigating Agency Mostafa Nazari,2025-08-29 This novel edited volume looks at a previously under researched area of language teacher agency and identity by exploring the experience of novice pre and in service teachers for whom English is a second language and presents research gathered from Asia Europe South America and the US to bring underrepresented voices to the fore Divided into three sections together covering chapters on identity agency and professional competencies this book presents qualitative data on the lived experiences of novice teachers and the challenges they face to their sense of agency from personal histories and backgrounds institutional demands and sociocultural pressures Chapters take a case study approach to provide research on

how the transition from theory to in classroom practice can be eased and strategies for coping with socio pedagogical challenges can be found With contributions from renowned and emerging scholars ultimately this book supports a better understanding of how novice teachers can navigate their agencies in a variety of contexts Engaging with the novel dimension of novice teachers agency in order to expand the boundaries of research this book will appeal to scholars researchers and postgraduate students in the fields of teachers and teacher education initial teacher training English language teaching and training and applied linguistics more broadly

Derrida Christopher Norris,1987 Norris demonstrates that Derrida s texts should be understood more as philosophy than as literature He explains the position of Derrida s writing within the Western philosophical tradition and discusses some of the reasons for the massive institutional resistance that has so far prevented philosophers from engaging seriously with Derrida s work

Lacan's Return to Antiquity Oliver Harris,2016-08-05 Chapters 1 2 and 5 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license available at <http://www.taylorfrancis.com/books/e/9781138820388>

Lacan s Return to Antiquity is the first book devoted to the role of classical antiquity in Lacan s work Oliver Harris poses a question familiar from studies of Freud what are Ancient Greece and Rome doing in a twentieth century theory of psychology In Lacan s case the issue has an additional edge for he employs antiquity to demonstrate what is radically new about psychoanalysis It is a tool with which to convey the revolutionary power of Freud s ideas by digging down to the philosophical questions beneath them It is through these questions that Lacan allies psychoanalysis with the pioneering intellectual developments of his time in anthropology philosophy art and literature Harris begins by considering the role of Plato and Socrates in Lacan s conflicted thoughts on teaching writing and the process of becoming an intellectual icon In doing so he provides a way into considering the uniquely challenging nature of the Lacanian texts themselves and the live performances behind them Two central chapters explore when and why myth is drawn upon in psychoanalysis its threat to the discipline s scientific aspirations and Lacan s embrace of its expressive potential The final chapters explore Lacan s defence of tragedy and his return to Ovidian themes These include the unwitting voyeurism of Actaeon and the fate of Narcissus a figure of tragic metamorphosis that Freud places at the heart of infantile development Lacan s Return to Antiquity brings to Lacan studies the close reading and cross disciplinary research that has proved fruitful in understanding Freud s invention of psychoanalysis It will appeal to psychoanalysts and advanced students studying in the field being of particular value to those interested in the roots of Lacanian concepts the evolution of his thought and the cultural context of his work What emerges is a more nuanced self critical figure a corrective to the reputation for dogmatism and obscurity that Lacan has attracted In the process new light is thrown on enduring controversies from Lacan s pronouncements on feminine sexuality to the opaque drama of the seminars themselves
