who is lost in the land of the dead The Lives of Texts Andrzej Kowalczyk, Katarzyna Pisarska, 2014-07-24 The Lives of Texts Exploring the Metaphor examines various instances of textual subsistence implied by the title Drawing on the parallel between a text and a living organism the contributors analyze various literary texts ranging from the Middle Ages to postmodernity as well as film adaptations and the graphic novel Apart from the works of canonical writers attention is also drawn to some long forgotten authors along with the most recent instances of popular literature and culture The exploration of the title metaphor allows the contributors to trace life like phenomena e g textual birth maturation dissemination death and resurrection in the texts of writers so remote from each other as Layamon Thomas More Mary Shelley Charles Williams Ursula Le Guin A S Byatt Peter Ackroyd Iain Banks J K Rowling or Neil Gaiman *The Late Works of Hayao Miyazaki* Dani Cavallaro, 2014-12-12 Once a favorite of mainly art house audiences Hayao Miyazaki s films have enjoyed increasing exposure in the West since his Spirited Away won the Oscar for Best Animated Feature in 2003 The award signaled a turning point for Miyazaki s Studio Ghibli bringing his films prominence in the media and driving their distribution in multiple formats This book explores the closing decade of Miyazaki s career 2004 2013 providing a close study of six feature films to which he contributed including three he directed Howl s Moving Castle Ponyo and The Wind Rises Seven short films created for exclusive screening at Tokyo s Ghibli Museum are also covered four of which were directed by Miyazaki *Fantastic Spiritualities* J'annine Jobling, 2010-07-01 In this work Jobling argues that religious sensibility in the Western world is in a process of transformation but that we see here change not decline and that the production and consumption of the fantastic in popular culture offers an illuminating window onto spiritual trends and conditions She examines four major examples of the fantastic genre the Harry Potter series Rowling His Dark Materials Pullman Buffy the Vampire Slayer Whedon and the Earthsea cycle Le Guin demonstrating that the spiritual universes of these four iconic examples of the fantastic are actually marked by profoundly modernistic assumptions raising the question of just how contemporary spiritualities often deemed postmodern navigate philosophically the waters of truth morality authority selfhood and the divine Jobling tackles what she sees as a misplaced disregard for the significance of the fantasy genre as a worthy object for academic investigation by offering a full length thematic comparative and cross disciplinary study of the four case studies proposed chosen because of their significance to the field and because these books have all been posited as exemplars of a postmodern religious sensibility This work shows how attentiveness to spiritual themes in cultural icons can offer the student of theology and religions insight into the framing of the moral and religious imagination in the late twentieth and twenty first centuries and how this can prompt traditional religions to reflect on whether their own narratives are culturally framed in a way resonating with the signs of the times **Ursula K. Ghibli Animation as Adaptations Dominic J. Nardi,Keli Fancher,2025-05-15 This collection investigates how Hayao Miyazaki Isao Takahata and other Studio Ghibli storytellers have approached the process of reimagining literary sources for animation Studio Ghibli is renowned for its original storytelling in films like My Neighbor Totoro but many of its most famous films including Howl s Moving Castle and Ponyo have their origins in pre existing novels manga or fairy tales Studio Ghibli s adaptations seldom directly translate source material to animation but instead transform the works to incorporate themes or imagery central to the studio s sensibilities Studio Ghibli Animation as Adaptations explores how these adaptations often blur genre boundaries and raise questions about what constitutes fidelity to source material The collection also shows how the studio reinterprets and recontextualizes stories across cultures for Japanese audiences and across mediums like manga

In the Mirror of the Past Tomasz Ratajczak,Bogdan Trocha,2014-09-26 These days we are ever more often confronted by overwhelming events Searching for a way to understand them we turn to mythic archetypes still present in our culture The authors of these essays pose questions about the reliability of the archetypes found in tradition history and scattered mythologemes The essays in this collection deal with the presence of mythic time in modern speculative fiction such as fantasy and alternate histories and discuss major mythologemes and their functions in popular literature and extra literary

reality The authors show how mythopoeic fiction becomes a genetically modified mythic mirror in which we hope to see answers to vexing questions or just a reality superior to the ordinary one In the Mirror of the Past Of Fantasy and History is a collection of seven essays by American and Polish authors including Brian Attebery Terri Doughty and Marek Oziewicz with Mircea Eliade's concept of return from history to History as their underlying theme **The Tale of Gwyn** Cynthia Voigt, 2015-05-26 Originally published under the title Jackaroo New York Atheneum 1985 **Dancing the Tao** Sandra J. Lindow, 2012-11-15 Dancing the Tao Le Guin and Moral Development takes an original approach to Ursula K Le Guin's work speculative fiction poetry and children's literature by considering her Taoist upbringing and then looking through the lens of moral development theorists such as Carol Gilligan and Mary Field Belenky and psychologists such as Lenore Terr and Jennifer J Freyd It is the most comprehensive approach to Le Guin's moral thinking to date A particular emphasis is put on Le Guin's depiction of physical and sexual child abuse and its long term aftereffects such as post traumatic stress disorder The focus throughout the book is on how morality develops through self awareness and voice how moral decisions are made and how Le Guin challenges readers to reconsider their own moral thinking This book covers all of Le Guin's major works such as The Left Hand of Darkness The Dispossessed the Earthsea Series Always Coming Home The Telling and Lavinia and it also looks in depth at work that is rarely discussed such as Le Guin's early work her poetry and her picture books *Island Genres, Genre Islands* Ralph Crane, Lisa Fletcher, 2017-02-03 Island Genres Genre Islands moves the debate about literature and place onto new ground by exploring the island settings of bestsellers Through a focus on four key genres crime fiction thrillers popular romance fiction and fantasy fiction Crane and Fletcher show that genre is fundamental to both the textual representation of real and imagined islands and to actual knowledges and experiences of islands The book offers broad comparative readings of the significance of islandness in each of the four genres as well as detailed case studies of major authors and texts These include chapters on Agatha's Christie's islands the role of the island in Bondspace the romantic islophilia of Nora Roberts's Three Sisters Island series and the archipelagic geography of Ursula Le Guin's Earthsea Crane and Fletcher's book will appeal to specialists in literary studies and cultural geography as well as in island studies *American Writers* Elizabeth H.
