Norfolk In A Nutshell:

Norfolk in a Nutshell Keith Skipper, 2014-11-14 Norfolk raconteur Keith Skipper is the master of whimsy and wit writing in the county's dialect. He adds to the range of his titles with this condensed look at Norfolk its people and their ways. Thinking of visiting this part of eastern England? Thinking to come and live there? This is the book you will need to fit in with the locals. Homesick for Norfolk? This book will make you feel at home, lift your spirits and bring a smile at the very least to your face.

Grainger the Modernist Suzanne Robinson, Kay Dreyfus, 2016-03-09 Unaccountably Percy Grainger has remained on the margins of both American music history and twentieth century modernism. This volume reveals the well known composer of popular gems to be a self-described hyper-modernist who composed works of uncompromising dissonance, challenged the conventions of folk song collection and adaptation, re-visioned the modern orchestra, experimented with ego-less composition and designed electronic machines intended to supersede human application. Grainger was far from being a self-sufficient maverick working in isolation. Through contact with innovators such as Ferruccio Busoni, Léon Theremin and Henry Cowell, promotion of the music of modern French and Spanish schools, appreciation of vernacular jazz and folk musics as well as with the study and transcription of non-Western music, he contested, received ideas and proposed many radical new approaches. By reappraising Grainger's social and historical connectedness and exploring the variety of aspects of modernity seen in his activities in the British, American and Australian contexts, the authors create a profile of a composer, propagandist and visionary whose modernist aesthetic paralleled that of the most advanced composers of his day and in some cases anticipated their practical experiments.

The World's Most Mysterious Murders Patricia Fanthorpe, 2003-06-01 Reading of murder stimulates a powerful response. We are repelled by the horror of it but simultaneously our natural curiosity is strongly aroused. We want to know who did it and why. Most unsolved murders have no apparent motives or too many motives. The murders of Sir Harry Oakes in 1943, one of the richest men in Canada, and Christine Demeter found dead in a blood-soaked garage in Mississauga in 1973 remain unsolved. In fact, history is full of unsolved murders. Who killed King William Rufus, Edward II and the Princes in the Tower? Who was Jack the Ripper? Was James Hanratty really guilty of killing Michael Gregson? These mysteries and more are contained in *The World's Most Mysterious Murders*.

Bird Therapy Joe Harkness, 2019-06-13 Longlisted for the 2020 Wainwright Prize. I can't remember the last book I read that I could say with absolute assurance would save lives. But this one will. Chris Packham fabulously direct and truthful, filled with energy but devoid of self-pity. I was impressed and enchanted. Highly recommended. Stephen Fry succeeds triumphantly in articulating with great honesty what it is like to suffer with a mental illness and in providing strategies for coping. Mail on Sunday. When Joe Harkness suffered a breakdown in 2013, he tried all the things his doctor recommended: medication, helped, counselling was enlightening and mindfulness grounded him. But nothing came close.

The Story of Your Life James Lambie,2010 The intriguing story and turbulent history of a paper Charles Dickens praised for its range of information and profundity of knowledge and which Queen Elizabeth the Queen Mother simply endorsed with the remark Of course I read The Sporting Life It was the Queen Mother s love of horseracing that made her such an avid reader of the Life and coverage of that sport forms the core of this book but there is so much more to fascinate the reader including eyewitness accounts of the first fight for the heavyweight championship of the world and Captain Webb s heroic Channel swim of 1875 Highlights in the history of cricket football and rugby are also featured while chapters on coursing and greyhound racing rank alongside surreal reports on ratting contests and songbird singing competitions And for 30 years Tommy Wisdom made his motoring reports unique by competing against the best at Brooklands Le Mans and in many Monte Carlo rallies while Henry Longhurst s golfing column was simply the best The paper s strident campaigns for racing reforms are also chronicled along with its coverage of major news stories from Fred Archer s shocking suicide to its own untimely demise Its travails in the law courts are documented from its first year when it was forced to change its title to its last when it had to pay libel damages to the training team of Lynda and Jack Ramsden and their jockey Kieren Fallon A higher price was paid by its French correspondent who was killed in a duel over an article he had written while the terrible toll the First World War took on the nation s sporting heroes is catalogued by the Life s embedded army correspondent against a background of political bungling that is being repeated today

The Science of Water Reuse Frank R. Spellman,2024-09-30 The general public s aversion to drinking treated wastewater is evident rooted in the reluctance to accept a direct pipe to pipe connection for example from a toilet to a drinking water tap Despite advancements in treating black water from sewage sources to meet drinking water standards there persists a general hesitancy to fully accept this possibility or understand the science behind it The Science of Water Reuse explains how technology can sufficiently purify reclaimed water to potable water quality even surpassing the cleanliness of the water available from conventional taps It addresses the significant gap in the existing literature on water reuse focusing particularly on the varied applications of reused or reclaimed water within municipal and agricultural contexts with a specific emphasis on issues and technologies related to both direct and indirect potable water reuse It serves as a valuable resource for policymakers municipal planners environmental engineering professionals as well as undergraduate and graduate students Bridges the gap between technical details and public comprehension making the complex subject of water reuse accessible and relevant Provides a comprehensive understanding of water reuse including case studies for practical application Contributes to changing public attitudes making reclaimed water an acceptable source for potable use
