Taking Root A Novel Of Rhodesia English Edition:

"The" Book of History, 1915 **The African Book Publishing Record**, 2008 *The Book of History: The Near East*, 1915 **Versions of Zimbabwe. New Approaches to Literature and Culture** Robert Muponde, Ranka Primorac, 2005-06-15 The book is the result of a collaboration of scholars from southern Africa and overseas whose work emphasises hitherto overshadowed subjects of literature exposing new and untried approaches to Zimbabwean writing The contributors focus on pluralities inclusiveness and the breaking of boundaries and elucidate how literary texts are betraying multiple versions and opinions of Zimbabwe arguing that only a multiplicity of opinions on Zimbabwe can do the complexity of the society and history justice **The Oxford Guide to Literature in English Translation** Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e g Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available *Stars of David* Scott R. Benarde, 2003 A fascinating look into how Judaism has shaped and influenced the makers of rock music over the past fifty years **A Matter of Weeks Rather Than Months** J. R. T. Wood, 2012 Founded on 35 years of research into the post 1945 Anglo Rhodesian history this book complements Richard Wood's *The Welensky Papers A History of the Federation of Rhodesia and Nyasaland 1953 1963 1983 and So Far and No Further Rhodesia's bid for independence during the retreat from empire 1959 1965 2005* Of *So Far* Michael Hartnack wrote that Once in a lifetime comes a book which must force a total shift in the thinking person's perception of an epoch and of all the prominent characters who featured in it *A Matter of Weeks Rather than Months* recounts the action and reaction to Ian Smith's unilateral declaration of Rhodesia's independence the second such declaration since the American one of 1776 It examines the dilemmas of both sides Smith's problem was how to legitimise his rebellion to secure crucial investment capital markets trade and more His antagonist the British Prime Minister Harold Wilson was determined not to transfer sovereignty until Rhodesia accepted African majority rule in common with the rest of Africa Given British feelings for their Rhodesian kith and kin and Rhodesia's landlocked position Wilson eschewed the use of force He could only impose sanctions but hoped they would defeat Smith in a matter weeks rather than months The Rhodesians however evaded the sanctions with such success that they forced Wilson to negotiate a settlement Negotiations were nevertheless doomed because the self-confident Rhodesians would not accept a period of direct British rule while rapid progress to majority rule was made or the imposition of restraints on powers they had possessed since gaining self government in 1923 In tune with their allies in the African National Congress of South Africa the Rhodesian or Zimbabwean African nationalists had already adopted the Marxist

concept of the Armed Struggle as a means to power Sponsored by the Communist Bloc its surrogates and allies they began a series of armed incursions from their safe haven in Zambia Although bloodily and easily repulsed they would learn from their mistakes as the Rhodesian forces would discover in the 1970s Consequently this is a tale of sanctions negotiations and counter insurgency warfare

Rethinking South Africa's Past Christopher J. Lee, Andrew Offenburger, 2025-03-18 This book presents key historical scholarship published in *Safundi* from 1999 to 2024 tracing South Africa's past through approaches of comparative history transnational history and visual history in addition to addressing the importance of topics like gender labor and class dynamics as well as regional historiographies The first section of the book focuses on comparative history as a founding method for *Safundi* given the journal's origins in American and South African studies while also recalibrating this approach through a variety of topics cities biographies and practices of violence rather than nation states writ large Drawing upon innovative sources of evidence the second section moves beyond the comparative method to address transnational histories as a new narrative technique for storytelling and analysis Whether issues of education immigration or visiting musicians to South Africa these chapters demonstrate the importance of a post national approach for understanding the past The sections that follow fan out into other subject areas including the uses of visual history gender roles class cultures and environmental history all of which illuminate connections between South African history and other parts of the world This book will be an indispensable resource for scholars students activists and policymakers as well as those readers who are generally interested in understanding South Africa's complex history over the past several centuries

African Tragedy Laurence Wright, 2025-02-12 *African Tragedy* is the unknown first version of Wulf Sachs's famous psychobiography *Black Hamlet* presented here as an enthralling novel The text has languished in the colonial archive virtually unknown since 1946 This is the story of the Manyika nganga John Chawafambira as the author originally conceived it a tale of psychic and political struggle in the inhospitable environment of industrialising Johannesburg in the 1930s Digest this new version and the earlier ones *Black Hamlet* 1937 and *Black Anger* 1947 can never be read as once they were

The Roots of Rural Poverty in Central and Southern Africa Robin H. Palmer, Neil Parsons, 1977-01-01

Women and Terrorism Margaret Gonzalez-Perez, 2008-05-29 This book examines the relationship between women and terrorist activities in the post Second World War era identifying a dichotomy whereby

women are significantly more active in domestic terrorist organizations than in international groups **Black Africa** V. Klima, K.F. Ruzicka, P. Zima, 2012-12-06 In October 1972 our Czech written book *Literatures of Black Africa* was published in Prague presenting a survey of an extensive field The publication which was signed at that time by all three authors differed from most contemporary introductions to the study of African literatures in a threefold way a The authors attempted to cover various literary efforts in the area roughly delimited by Senegal in the west Kenya in the east Lake Chad in the north and the Cape in the south We were well aware even at that time that neither technically nor linguistically would it be possible to cover all literary efforts within that area We did try however to include in our survey both the literatures and literatures written in the Indo European languages English French Portuguese and in at least several of the major African languages of the area We did not attempt an exhaustive description but wished rather to show the mutual relationships which emerge if the literatures of this area written either in the major languages or in the African languages are studied not as isolated phenomena but as mutually complementary features b As two of us were linguists and one was a literary historian we did not limit our analysis of the developing literatures and literatures to the purely cultural and literary aspects Our intention was to deal where and if it was relevant not only with the process of African literary development but also with the simultaneous complementary *Saving Languages* Lenore A. Grenoble, Lindsay J. Whaley, 2005-11-03 Language endangerment has been the focus of much attention and as a result a wide range of people are working to revitalize and maintain local languages This book serves as a general reference guide to language revitalization written not only for linguists and anthropologists but also for language activists and community members who believe they should ensure the future use of their languages despite their predicted loss Drawing extensively on case studies it sets out the necessary background and highlights central issues such as literacy policy decisions and allocation of resources Its primary goal is to provide the essential tools for a successful language revitalization program such as setting and achieving realistic goals and anticipating and resolving common obstacles Clearly written and informative *Saving Languages* will be an invaluable resource for all those interested in the fate of small language communities around the globe **The Literary World** , 1895 British Books , 1960 **Southern Africa** Jonathan Farley, 2008-02-19 Southern Africa surveys the contemporary history of the whole region encompassing economic social political security foreign policy health environmental and gender issues in one short succinct volume Positioning the collapse of Portugal's African Empire in the context of the region's history since 1945 Farley asserts that this collapse set in motion a train of events that eventually led to the transition of power from minority to majority rule in Angola Mozambique Zimbabwe Namibia and South Africa He examines the experiences of these countries as well as the former High Commission territories of Swaziland Botswana and Lesotho to analyse the kind of states that evolved and shows how Southern Africa's present problems are the inevitable result of a long history of white rule The book assesses the challenges faced by Southern Africa's political leaders up to the present

day and discusses how these problems might be successfully addressed in the future With maps a chronology and glossary this is a valuable resource for all those interested in African history politics and culture *The Rhodesia Science News*,1969 **Companion to South African English Literature** David Adey,1986 This volume aims to be a useful companion to both the specialist and non specialist reader of South African literature in English and covers a period from approximately 1795 the time of the First British Occupation of the Cape to the end of 1985 Pref Proceedings - Rhodesia Scientific Association Rhodesia Scientific Association,1913
