need to generate the suspense we also desire Yet successful noir stories and films enhance that suspense through passing diversions descriptive details and eccentric perspectives rather than depending on the center pieces of plot alone suspected motives or incriminating traces As the greatest practitioners of the genre have realized the how of detective fiction its stylistic detours draws us in more insistently than the what or the who its linear advance And the achievement of recent film noir is to make that how become the tantalizing object of our entire attention shorn of any pretense of reading for the plot immersing us in the diversionary delight that has animated the genre from the beginning *The Hard Way* Lee Child,2011 In Lee Child s astonishing new thriller ex military cop Reacher sees more than most people would and because of that he s thrust into an explosive situation that s about to blow up in his face For the only way to find the truth and save two innocent lives is to do it the way Jack Reacher does it best the hard way Jack Reacher was alone the way he liked it soaking up the hot electric New York City night watching a man cross the street to a parked Mercedes and drive it away The car contained one million dollars in ransom money And Edward Lane the man who paid it will pay even more to get his family back Lane runs a highly illegal soldiers for hire operation He will use any amount of money and any tool to find his beautiful wife and child And then he ll turn Jack Reacher loose with a vengeance because Reacher is the best man hunter in the world On the trail of a vicious kidnapper Reacher is learning the chilling secrets of his employer s past and of a horrific drama in the heart of a nasty little war He s beginning to realize that Edward Lane is hiding something Something dirty Something big But Reacher also knows this he s already in way too deep to stop now *Space, Place, and Bestsellers* Lisa Fletcher,Elizabeth Leane,2024-06-30 From airport bookstores to deckchairs as audiobooks downloaded by commuters and on Kindles and other portable devices twenty first century bestsellers move in old and new ways This Element examines the locations and mobilities of the contemporary bestseller as a multi format commercial object It employs paratextual textual and site based analysis of the spatiality of bestsellers and considers the centrality of geography to the commercial promise of these books *Space Place and Bestsellers* provides analysis of the spatial logic of bestseller lists evidence rich accounts of the physical and digital retail sites through which bestsellers flow and new interpretations of how affixing the label bestseller individual authors and titles generates industrial social and textual effects Through its multi layered analysis this Element offers a new model for studying the spatiality of popular fiction *Sequels* Janet G.
