

What is happiness? The ingredients of happiness.

"What is happiness?" People all over the world try to find the answer, but none of them can explain it exactly. Happiness is not something rational, it's not the thing, it's not the feeling. The source of happiness is our inner soul. Publilius Syrus said: "No man is happy who does not think himself so".

"When we are healthy and feel good, we don't think about it, we can't estimate it. Sometimes people think that they constantly will be healthy. But illnesses come and we understand that health is too necessary.

Happiness is like a health. We do not observe how happy we are until we lose it. And we try to retrieve this feeling but it's too late. You can't buy it for money, can't exchange it, can't borrow. We accept that happiness will be forever, look and smile always will chase us. Sometimes we even don't see our happiness and luck, because it's too habitual. When the problems come and our luck leaves, we begin to value our past.

Happiness is a dream, is something that you need, your main idea, some of your life. Happiness for poor man is a coin or piece of fresh bread, for rich man a million dollars is not enough. Lonely person want to find a family, unemployed man dreams about good job and it's his part of happiness. Someone find his happiness in people, someone find one in hobbies or actions. Friends which give us a positive emotions, relatives and close people for us make our life. Happiness is when you are understood by your family and friends. It is also love. It is the achievement of your goals and plans. A person feels happy when he finds his place in life.

Happiness is in activities that comes from the depth of the heart and it benefits people. Any favorite activity thing is a source of inspiration and satisfaction. Happiness is the ability to give. Happiness means not to lose the sharpness of perception and the freshness of the senses, it is to remain a honest and an open person, despite the difficulties of life. Happiness is in our ability to breathe, to feel, to be able to burn, to love, to suffer, to dream, to believe. Happiness of each person depends on himself and his attitude toward life.

Happiness is very personal, private. There is no absolute happiness to my mind, because our life is striped. If you have never suffered, you will never feel happiness. It is a privilege for a person to feel happy and understand happiness.

Happiness is a satisfaction of the soul. The main attribute is a harmony. You won't be absolutely happy without harmony deep in your heart. You are happy only in harmony with yourself.

Recipe For Happiness Essay:

Recipe for Happiness Frederika Roberts, 2013-12-01 In *Recipe for Happiness* Frederika outlines her nine essential ingredients for a happy life. She cites the stories and views on happiness that people have shared with her during the writing of this book as well as referencing some academic research on the subject of happiness. Along the way Frederika takes the reader on a journey through some of her own life experiences from overcoming the traumatic ordeals her family has gone through to the challenges she has surmounted while setting up growing shrinking and closing businesses. **Real Essays with Readings with 2009 MLA Update** Susan Anker, 2009-06-23 Click here to find out more about the 2009 MLA Updates and the 2010 APA Updates. *Real Essays with Readings* is the essay level book in Susan Anker's highly successful series of writing texts that motivate students with their message that writing is an essential skill in college and in real life and that this skill is achievable. Anker's advice, examples, and assignments show the relevance of writing to all aspects of students' lives, and profiles of former students prove that success is attainable. Like all the books in the Anker series, *Real Essays* presents writing in logical, manageable increments: step by step writing guides and a focus on the four basics of each mode of writing keep students from becoming overwhelmed. *Real Essays* maintains its emphasis on what really matters by focusing on the four most serious errors: fragments, run-ons, subject-verb agreement problems, and verb form problems. *Real Essays* gives students what they need to succeed in college and become stronger academic writers. *Essays of a Birmingham Manufacturer* William Sargant, 2022-12-05 Reprint of the original first published in 1871. **Essays of a Birmingham Manufacturer** William Lucas Sargant, 1872. [The Pope of Happiness](#) Alex C. Michalos, 2021-04-29 This book honors the work of Ruut Veenhoven, who has been a pioneer and leader in the field of happiness studies for the past 50 years. It brings together experts in the field, discussing Veenhoven's work as well as taking up themes from his workshops over the years to analyze how and where the field has expanded following his research. Veenhoven's contributions include developing theories and measuring instruments, creating the world's first and largest database of happiness research, founding the world's first and most frequently cited *Journal of Happiness Studies*, and student development in and popularization of the field of happiness studies. He has extensive publications through the International Sociological Association and the International Society for Quality of Life Studies, and the research field of happiness studies would not have become as broad today without his enormous contributions. Friends and former students of Veenhoven provide both academic and anecdotal discussions in this festschrift, which is important for anyone interested in the development of happiness research. **The Essay; Subjects and Stances** Edward P.
