Sometimes you might be lucky and find someone nearby who understands English and that works for the moment but what if there s no one there What if you want a burger without cheese Or maybe you want a diet Coke not regular because you don t consume sugar Or leaving aside the food matters which are quite important let s say that you want to book a hotel room but you don t want to spend too much and obviously you don t want to pay for things that you don t need So there goes the Jacuzzi or the HD television And you have to make yourself clear that you don t want that without using insults and pointing to the things that you don t want That s why I m writing this book to help you on your travels so if you want to take a trip to a Spanish Country you won t find it hard to express yourself And I will not just explain you some phrases in Spanish to ease your life in your trip I will also teach the differences between countries and how to travel from one place to another So if you were planning a trip or maybe you are already in one and found yourself in a problem this is the book for you I hope it helps you with anything that might arise on your trip Get your copy now
