Aliens Adored Susan J. Palmer, 2004 Aliens Adored is the first full length in depth look at the Raelian movement a fascinating new religion founded in the 1970s by the charismatic prophet Rael Born in France as Claude Vorilhon the former race car driver founded the religion after he experienced a visitation from the aliens the Elohim who in his cosmology created humans by cloning themselves This pioneering study provides a thorough analysis of the movement focusing on issues of sexuality millenarianism and the impact of the scientific worldview on religion and the environment Rael's radical sexual ethics his gnostic anthropocentrism and shallow ecotheology offer us a mirror through which we see how our worldview has been shaped by the forces of globalization postmodernism and secular humanism **Alien Landscapes?** Jonathan Glover, 2014-09-02 Do people with mental disorders share enough psychology with other people to make human interpretation possible Jonathan Glover tackles the hard cases violent criminals people with delusions autism schizophrenia to answer affirmatively He offers values linked with agency and identity to guide how the boundaries of psychiatry should be drawn **Chasing the Meridian** Donald Bacon, 2010-11 Sarah Levine the lone survivor of an ancient alien race is dying She has died thousands of times before but knowing that does not make it any easier In her eyes being a human is a true wonder but time is running out Sarah chooses three infants modern day descendents of the heretic Pharaoh Akhenaten to lead the world into an enlightened age Unfortunately Sarah may not be able to protect the chosen ones from those who want to destroy them Sarah is determined to pass the memories of her race on to her children and will do anything to ensure her dream comes true The survival of the human race is at great risk as the three chosen ones led by brilliant doctor Kiara Leary battle overwhelming forces both those who want Sarah's knowledge to further their own goal of world domination and those who will do anything to see that same knowledge destroyed forever In the first of a three book series bringing together pharaonic Egypt beatniks and extraterrestrials Sarah must implement a desperate plan in order to protect and guide Kiara and in the end may be forced to make the ultimate sacrifice to preserve her legacy New York Magazine, 1997-08-25 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Handbook of Research on Computational Arts and Creative Informatics** Braman, James, Vincenti, Giovanni, Trajkovski, Goran, 2009-05-31 This book looks at the combination of art creativity and expression through the use and combination of computer science and how technology can be used creatively for self expression using different approaches Provided by publisher New Approaches to Popular Romance Fiction Sarah S.G. Frantz, Eric Murphy Selinger, 2014-01-10 Despite the prejudices of critics popular romance fiction remains a complex dynamic genre It consistently maintains the largest market share in the American

publishing industry even as it welcomes new subgenres like queer and BDSM romance Digital publishing originated in erotic romance and savvy online communities have exploded myths about the genre's readership Romance scholarship now reflects this diversity transformed by interdisciplinary scrutiny new critical approaches and an unprecedented international dialogue between authors scholars and fans These eighteen essays investigate individual romance novels authors and websites rethink the genre's history and explore its interplay of convention and originality By offering new twists in enduring debates this collection inspires further inquiry into the emerging field of popular romance studies

Religion, Supernaturalism, the Paranormal and Pseudoscience Homayun Sidky, 2019-11-30 Religion Supernaturalism the Paranormal and Pseudoscience provides a comprehensive rejoinder to the challenges posed to science scientific anthropology evolutionary theory and rationality by the advocates of supernatural paranormal and pseudoscientific perspectives and modes of thought associated with the current rise of irrationalism antiintellectualism and emboldened religious fundamentalism and violence Drawing upon H Sidky's scientific anthropological background and ethnographic field research of supernatural and paranormal beliefs and practices in several cultures over three decades the book answers several important questions Why do humans have a proclivity for the supernatural and paranormal thinking Why has humanity remained shackled to sets of ideas inherited from a violent past that have no basis in reality and which bestow an illusionary solace promote bloodshed endless cruelties and fervent hatreds and have come at a high cost Why have ancient superstitions been held as sacred inviolate truths while other aspects of the archaic belief systems of which they were a part have long been discarded Why have not humans outgrown religion and paranormal beliefs

The Social Life of Fluids Jules David Law, 2018-07-05 British Victorians were obsessed with fluids with their scarcity and with their omnipresence By the mid nineteenth century hundreds of thousands of citizens regularly petitioned the government to provide running water and adequate sewerage while scientists and journalists fretted over the circulation of bodily fluids In *The Social Life of Fluids* Jules Law traces the fantasies of power and anxieties of identity precipitated by these developments as they found their way into the plotting and rhetoric of the Victorian novel Analyzing the expression of scientific understanding and the technological manipulation of fluids blood breast milk and water in six Victorian novels by Charles Dickens George Eliot George Moore and Bram Stoker Law traces the growing anxiety about fluids in Victorian culture from the beginning of the sanitarian movement in the 1830s through the 1890s Fluids he finds came to be regarded as the most alienable aspect of an otherwise inalienable human body and paradoxically as the least rational element of an increasingly rationalized environment Drawing on literary and feminist theory social history and the history of science and medicine Law shows how fluids came to be represented as prosthetic extensions of identity exposing them to contested claims of kinship and community and linking them inextricably to public spaces and public debates

Plato's Rivalry with Medicine

Susan B. Levin, 2014 While scholars typically view Plato's engagement with medicine as uniform and largely positive Susan B Levin argues that from the Gorgias through the Laws his handling of medicine unfolds in several key phases Further she shows that Plato views medicine as an important rival for authority on physis nature and eudaimonia flourishing Levin's arguments rest on careful attention both to Plato and to the Hippocratic Corpus Levin shows that an evident but unexpressed tension involving medicine's status emerges in the Gorgias and is explored in Plato's critiques of medicine in the Symposium and Republic In the Laws however this rivalry and tension dissolve Levin addresses the question of why Plato's rivalry with medicine is put to rest while those with rhetoric and poetry continue On her account developments in his views of human nature with their resulting impact on his political thought drive Plato's striking adjustments involving medicine in the Laws Levin's investigation of Plato is timely for the first time in the history of bioethics the value of ancient philosophy is receiving notable attention Most discussions focus on Aristotle's concept of phronesis practical wisdom here Levin argues that Plato has much to offer bioethics as it works to address pressing concerns about the doctor patient tie medical professionalism and medicine's relationship to society

Consciousness Susan Blackmore, 2013-11-26 Is there a theory that explains the essence of consciousness Or is consciousness itself just an illusion The last great mystery of science consciousness is a topic that was banned from serious research for most of the last century but is now an area of increasing popular interest as well as a rapidly expanding area of study for students of psychology philosophy and neuroscience This ground breaking textbook by best selling author Susan Blackmore was the first of its kind to bring together all the major theories of consciousness studies from those based on neuroscience to those based on quantum theory or Eastern philosophy The book examines topics such as how subjective experiences arise from objective brain processes the basic neuroscience of consciousness altered states of consciousness out of body and near death experiences and the effects of drugs dreams and meditation It also explores the

nature of self the possibility of artificial consciousness in robots and the question of whether animals are conscious The new edition has been fully revised to include the latest developments in neuroscience brain scanning techniques and artificial consciousness and robotics The new website includes self assessment exercises advanced further reading flashcards and MCQs For all those intrigued by what it means to be to exist this book could radically transform your understanding of your own consciousness **Masters Abstracts** ,1977 **The Meme Machine** Susan J. Blackmore,2000-03-16 Humans are extraordinary creatures with the unique ability among animals to imitate and so copy from one another ideas habits skills behaviours inventions songs and stories These are all memes a term first coined by Richard Dawkins in 1976 in his book *The Selfish Gene* Memes like genes are replicators and this enthralling book is an investigation of whether this link between genes and memes can lead to important discoveries about the nature of the inner self Confronting the deepest questions about our inner selves with all our emotions memories beliefs and decisions Susan Blackmore makes a compelling case for the theory that the inner self is merely an illusion created by the memes for the sake of replication *Special Sound* Louis Niebur,2010-11-11 This text traces the creation and legacy of the BBC s electronic music studio the Radiophonic Workshop in the context of other studios in Europe and America
