phases of the activity were transferred to University Microfilms Xerox of Ann Arbor Michigan with the thought that such an arrangement would be more beneficial to the academic and general scientific and technical community After five years of this joint undertaking we had concluded that it was in the interest of all concerned if the printing and distribution of the volumes were handled by an international publishing house to assure improved service and broader dissemination Hence starting with Volume 18 Masters Theses in the Pure and Applied Sciences has been disseminated on a worldwide basis by Plenum Publishing Corporation of New York and in the same year the coverage was broadened to include Canadian universities All back issues can also be ordered from Plenum We have reported in Volume 40 thesis year 1995 a total of 10 746 thesis titles from 19 Canadian and 144 United States universities We are sure that this broader base for these titles reported will greatly enhance the value of this important annual reference work While Volume 40 reports theses submitted in 1995 on occasion certain universities do report theses submitted in previous years but not reported at the time
