

Using TV Adapter 3.0

1

Connect the TV Adapter 3.0 box to your television

See the instructions for Use booklet that comes with the TV adapter. Four methods are available to support a wide variety of connection needs.

2

Pair your hearing aids with the TV Adapter

Before using the TV adapter, it must be paired with your hearing aids. Pairing is only required once and takes around 20-60 seconds.

1. Make sure the TV adapter is on (plugged in).
2. Open and close the battery door on (both of) your hearing aid(s).
3. Place both hearing aids close to, or on top of, the TV Adapter.
4. Pairing is completed when the Power Indicator and TV Indicator lights turn steady blue for about 30 seconds.
5. Your hearing aids are now able to receive sound streaming from the TV adapter.

3

Start TV sound using your hearing aids

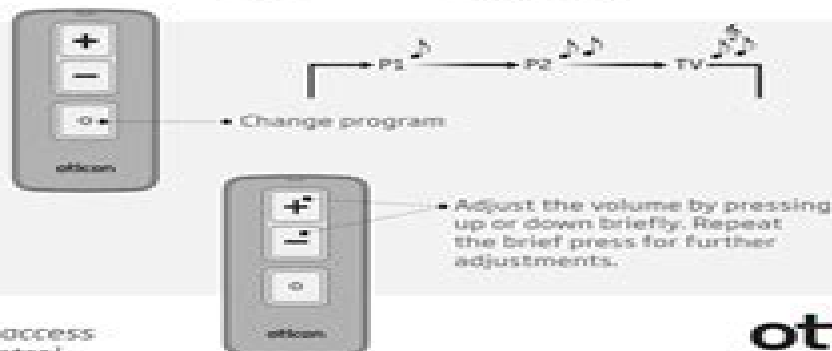

To listen to TV, simply make long presses on the button on your hearing aids to cycle through the programs until you reach the TV listening program. The program cycle will depend on how many programs have already been set up in your hearing aids by your hearing care professional.

To stop the sound from the TV, simply cycle back to the desired program in your hearing aids.

4

Alternatively, you can also start TV sound and adjust volume with the optional hearing aid Remote Control 3.0 accessory.

Note: The optional Oticon ON App also lets you access the TV listening program and adjust volume control.
