The volume is based on The American Psychiatric Publishing Board Review Guide for Psychiatry and cites only validated sources used in other APP books so candidates can be assured of its content integrity. It has been fully updated and it includes a multitude of features that will appeal to harried candidates. The information presented is consistent with Canadian psychiatry practice. References have been drawn from the Canadian psychiatric literature and laboratory units, medication names and doses, and the language employed are consistent with Canadian medicine and psychiatry. The volume is organized according to familiar DSM IV classifications, allowing readers to quickly locate the most appropriate chapter. It does not neglect foundational knowledge, however, offering complete coverage of basic neuroanatomy as well as more advanced topics such as neuroimaging, psychopharmacology, and the cultural and legal aspects of psychiatric illness. A rigorous 200 question practice exam and answer guide provide a reality check for prospective exam takers. The exam's structure reflects the actual board examination, with question topics commingled, and candidates seeking additional questions and annotated answers to enhance their preparation are referred to additional online self assessments. The Psychiatry Review and Canadian Certification Exam Preparation Guide represents the best of psychiatric scholarship combined with insight into the RCPSC psychiatry exam and a keen eye for presenting the necessary information in a logical, easy to remember manner.
