The Visual Dynamics of Art, Black Care, and Ethics in South African Art Raél Jero Salley,2025-02-18 This book interprets relationships between art and ethics in the context of contemporary South African art Nearly three decades after inaugurating political freedom in a democratic form the infrastructure of South Africa faces palpable issues and challenges to the social fabric The social tension involves painful struggles for decolonization and violent debates about the removal of colonial statues change of colonial names transformation of universities and curriculum change This book does critical work in art history theory criticism and visual culture by looking from and looking after social differences to interpret the potential impact of contemporary media and mediation Artists examined include Zanele Muholi Mohau Modisekeng Dineo Seshee Bopape Hasan and Husain Essop and Kemang Wa Lehulere This book will be of interest to scholars working in art history contemporary art visual culture art theory ethics aesthetics philosophy of art and African studies

Imaginative Realism James Gurney,2009-10-20 A examination of time tested methods used by artists since the Renaissance to make realistic pictures of imagined things

Kerouac's Crooked Road Tim Hunt,2010-04-06 Now a classic Kerouac s Crooked Road was one of the first critical works on the legendary Beat writer to analyze his work as serious literary art placing it in the broader American literary tradition with canonical writers like Herman Melville and Mark Twain Author Tim Hunt explores Kerouac s creative process and puts

his work in conversation with classic American literature and with critical theory This edition includes a new preface by the author which takes a discerning look at the implications of the 2007 publication of the original typewriter scroll version of *On the Road* for the understanding of Kerouac and his novel Although some critics see the scroll version of the novel as embodying Kerouac's true artistic vision and the 1957 Viking edition as a commercialized compromise of that vision Hunt argues that the two versions should not be viewed as antithetical but rather as discrete perspectives of a writer deeply immersed in writing as both performance and evolving process Hunt moves beyond the mythos surrounding the spontaneous creation of *On the Road* which upholds Kerouac's reputation as a cultural icon to look more closely at an innovative writer who wanted to bridge the gap between the lush talk-filled world of real life and the sterilized version of that world circumscribed by overly intellectualized literary texts through the use of written language driven by effusive passion rather than sober reflection With close erudite readings of Kerouac's major and minor works from *On the Road* to *Visions of Cody* Hunt draws on Kerouac's letters novels poetry and experimental drafts to position Kerouac in both historical and literary contexts emphasizing the influence of writers such as Emerson Melville Wolfe and Hemingway on his provocative work
