Flynn, 2013-08-19 From concussion doctors pushing science that benefits their hidden business interests to lawyers clamoring for billion dollar settlements in scam litigation America's game has become so big that everybody wants a cut And those chasing the dollars show themselves more than willing to trash a great sport in hot pursuit of a buck Everything they say about football is wrong Football players don't commit suicide at elevated levels die younger than their peers or suffer disproportionately from heart disease In fact professional players live longer healthier lives than American men in general More than that football is America's most popular sport It brings us together It is and has been a rite of passage for millions of American boys But fear over concussions and other injuries could put football on ice School districts are already considering doing away with football as too dangerous Parents who used to see football as character building now worry that it may be mind destroying Even the president has jumped on the pile by fretting that he might prevent a son from playing if he had one But as author Daniel J Flynn reports football is actually safer than skateboarding bicycling or skiing And in a nation facing an obesity crisis a little extra running jumping and tackling could do us all good Detailing incontrovertible fact after incontrovertible fact *The War on Football Saving America's Game* rescues reality from the hype and in doing so may just ensure that football remains America's game WALNECK'S CLASSIC CYCLE TRADER, FEBRUARY 2000 Causey Enterprises, LLC, **Popular Science**, 1927-10 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **The EC Archives:**
