Translating Beowulf Modern Versions In English Verse:

Translating Beowulf: Modern Versions in English Verse Hugh Magennis,2015 Translations of the Old English poem Beowulf proliferate and their number continues to grow Focussing on the particularly rich period since 1950 this book presents a critical account of translations in English verse setting them in the contexts both of the larger story of recovery and reception of the poem and perceptions of it **Transmissions and Translations in Medieval Literary and Material Culture** ,2021-12-20 Bringing together the work of scholars from disparate fields of enquiry this volume provides a timely and stimulating exploration of the themes of transmission and translation charting developments adaptations and exchanges textual visual material and conceptual that reverberated across the medieval world within wide ranging temporal and geographical contexts Such transactions generated a multiplicity of fusions expressed in diverse and often startling ways architecturally textually and through peoples lived experiences that informed attitudes of selfhood and otherness senses of belonging and ownership and concepts of regionality that have been further embraced in modern and contemporary arenas of political and cultural discourse Contributors are Tarren Andrews Edel Bhreathnach Cher Casey Katherine Cross Amanda Doviak Elisa Foster Matthias Friedrich Jane Hawkes Megan Henvey Aideen Ireland Alison Killilea Ross McIntire Lesley Milner John Mitchell Nino Simonishvili and Rachael Vause Teaching "Beowulf" Larry Swain,Ophelia Eryn Hostetter,2024-08-19 Beowulf is by far the most popular text of the medieval world taught in American classrooms at both the high school and undergraduate levels More students than ever before wrestle with Grendel in the darkness of Heorot or venture into the dragon s barrow for gold and glory This increase of attention and interest in the Old English epic has led to a myriad of new and varying translations of the poem published every year the production of several mainstream film and television adaptations and many graphic novel versions More and more teachers in all sorts of classrooms with varying degrees of familiarity and training are called upon to bring this ancient poem before their students This practical guide to teaching Beowulf in the twenty first century combines scholarly research with pedagogical technique imparting a picture of how the poem can be taught in contemporary American institutions *Beowulf in Contemporary Culture* David Clark,2019-11-29 This collection explores Beowulf s extensive impact on contemporary culture across a wide range of forms The last 15 years have seen an intensification of scholarly interest in medievalism and reimaginings of the Middle Ages However in spite of the growing prominence of medievalism both in academic discourse and popular culture and in spite of the position Beowulf itself holds in both areas no study such as this has yet been undertaken Beowulf in Contemporary Culture therefore makes a significant contribution both to early medieval studies and to our understanding of Beowulf s continuing cultural impact It should inspire further research into this topic and medievalist responses to other aspects of early medieval culture Topics covered here range from film and television to video games graphic novels children s literature translations and versions along with original responses published here for the first time The collection not only provides an

overview of the positions Beowulf holds in the contemporary imagination but also demonstrates the range of avenues yet to be explored or even fully acknowledged in the study of medievalism   Encyclopedia of Literary Translation Into English: A-L O. Classe,2000   **The Shapes of Early English Poetry** Eric Weiskott,Irina Dumitrescu,2019-04-01 This volume contributes to the study of early English poetics In these essays several related approaches and fields of study radiate outward from poetics including stylistics literary history word studies gender studies metrics and textual criticism By combining and redirecting these traditional scholarly methods as well as exploring newer ones such as object oriented ontology and sound studies these essays demonstrate how poetry responds to its intellectual literary and material contexts The contributors propose to connect the small syllables words and phrases to the large histories emotions faiths secrets In doing so they attempt to work magic on the texts they consider turning an ordinary word into something strange and new or demonstrating texture difference and horizontality where previous eyes had perceived only smoothness sameness and verticality   *Slow Scholarship* Catherine E. Karkov,2019 A powerful claim for the virtues of a more thoughtful and collegiate approach to the academy today This book offers a response to the culture of metrics mass digitisation and accountability as opposed to responsibility or citizenship that has developed in higher education world wide as exemplified by the UK s Research Excellence Framework exercise REF and the increasing bureaucracy that limits the time available for teaching research and even conversation and collaboration Ironically these are problems that will be solved only by academicsfinding the time to talk and to work together The essays collected here both critique the culture of speed in the neoliberal university and provide examples of what can be achieved by slowing down by reclaiming research and research priorities and by working collaboratively across the disciplines to improve conditions They are informed both by recent research in medieval studies and by the problematic culture of twenty first century higher education The contributions offer very personal approaches to the academic culture of the present moment Some tackle issues of academic freedom head on others more obliquely but they all have been written as declarations of theacademic freedom that comes with slow thinking slow reading slow writing and slow looking and the demonstrations of its benefits CATHERINE E KARKOV is Professor and Chair of Art History at the University of Leeds Contributors Lara Eggleton Karen Jolly Chris Jones James Paz Andrew Prescott Heather Pulliam   **Modern Irish and Scottish Poetry** Peter Mackay,Edna Longley,Fran Brearton,2011-04-14 The comparative study of the literatures of Ireland and Scotland has emerged as a distinct and buoyant field in recent years This collection of new essays offers the first sustained comparison of modern Irish and Scottish poetry featuring close readings of texts within broad historical and political contextualisation Playing on influences crossovers connections disconnections and differences the affinities and opposites traced in this book cross both Irish and Scottish poetry in many directions Contributors include major scholars of the new archipelagic approach as well as leading Irish and Scottish poets providing important insights into current creative practice Poets discussed include W B Yeats Hugh MacDiarmid Sorley MacLean Louis

MacNeice Edwin Morgan Douglas Dunn Seamus Heaney Ian Hamilton Finlay Michael Longley Medbh McGuckian Nuala ni Dhomhnaill Don Paterson and Kathleen Jamie This book is a major contribution to our understanding of poetry from these islands in the twentieth and twenty first centuries **Translation and Stylistic Variation** Helen Gibson,2023-09-01 Translation and Stylistic Variation Dialect and Heteroglossia in Northern Irish Poetic Translation considers the ways in which translators use stylistic variation analysing the works of three Northern Irish poet translators to look at how in this variety the translation process becomes a creative act by which translators can explore their own linguistic and cultural heritage The volume offers a holistic portrait of the use of linguistic variety dialect and heteroglossia in the literary translations of Seamus Heaney Ciaran Carson and Tom Paulin shedding light on the translators choices but also readers experiences of them Drawing on work from cognitive stylistics Gibson reflects on how and why translators choose to add linguistic variety and how these choices can often be traced back to their socio cultural context The book not only extends existing scholarship on Irish English literary translation to examine issues unique to Northern Ireland but also raises broader questions about translation in locations where language choice is fraught and political The volume makes the case for giving increased consideration to the role of the individual translator both for insights into personal choices and a more nuanced understanding of contemporary literary translation practices in Ireland and beyond This book will be of interest to scholars working in translation studies literary studies and Irish studies For a video recording of the book s BCLT launch visit https www youtube com watch v 857wTF8crUM **Communal Creativity in the Making of the 'Beowulf' Manuscript** Simon C. Thomson,2018-04-17 In Communal Creativity in the Making of the Beowulf Manuscript Simon Thomson analyses details of scribal activity to tell a story about the project that preserved Beowulf as one of a collective if error strewn endeavour and arguing for a date in Cnut s reign He presents evidence for the use of more than three exemplars and at least two artists as well as two scribes making this an intentional and creative re presentation uniting literature religious and heroic in poetry and in prose He goes on to set it in the broader context of manuscript production in late Anglo Saxon England as one example among many of communities using old literature in new ways and of scribes working together making mistakes and learning **The Pragmatic Translator** Massimiliano Morini,2013-01-01 Showcases a descriptive theory of translation based on pragmatics describing all processes and products of translation on the performative interpersonal and locative axes **American/Medieval** Gillian R. Overing,Ulrike Wiethaus,2016-10-10 This volume offers a dialogue with and through the medieval informed by cultural categories of performativity and simultaneity in on line media architecture film poetry and social formations The articles depart from Medievalism Studies and attempt to answer questions such as How do medievalists artists writers and entertainment industries communicate replicate and evoke medieval formations How do national and transnational discursive fields relate to understandings of the medieval in its many unstable states Where are the communal memory sites and what functions do they serve for those who are associated with them Where are the

medieval disjunctions and conjunctions of race ethnicity and time in a settler society And what do place nature and landscape have to do with it   **The Routledge Handbook of Intralingual Translation** Linda Pillière,Özlem Berk Albachten,2024-02-27 The Routledge Handbook of Intralingual Translation provides the first comprehensive overview of intralingual translation or the rewording or rewriting of a text This Handbook aims to examine intralingual translation from every possible angle The introduction gives an overview of the theoretical political and ideological issues involved and is followed by the first section which investigates intralingual translation from a diachronic perspective covering the modernization of classical texts Subsequent sections consider different dialects and registers and intralingual translation from one language mode to another explore concepts such as self translating transediting and the role of copyeditors and investigate the increasing interest in the role of intralingual translation and second language learning Final sections examine recent developments in intralingual translation such as the subtitling of speech for the hard of hearing simultaneous Easy Language interpreting and respeaking in parliamentary debates By providing an in depth study on intralingual translation the Handbook sheds light on other important areas of translation that are often bypassed including publishing practices authorship and ideological constraints Authored by a range of established and new voices in the field this is the essential guide to intralingual translation for advanced students and researchers of translation studies   *Saints and Scholars* Hugh Magennis,Stuart McWilliams,2012 Wide ranging survey of current research in Anglo Saxon studies from literature and material culture to religion and politics Anglo Saxon literature and culture and their subsequent appropriations unite the essays collected here They offer fresh and exciting perspectives on a variety of issues from gender to religion and the afterlives of Old Englishtexts from reconsiderations of neglected works to reflections on the place of Anglo Saxon in the classroom As is appropriate they draw especially on Hugh Magennis own interests in hagiography and issues of community and reception Taken together they provide a state of the discipline account of the present and future of Anglo Saxon studies The volume also includes contributions from the leading Irish poets Ciaran Carson and Medbh McGuckian Dr Stuart McWilliams is a Newby Trust Fellow Institute for Advanced Studies in the Humanities University of Edinburgh Contributors Ciaran Carson Marilina Cesario Mary Clayton Ivan Herbison Joyce Hill Malcolm Godden Chris Jones Christina Lee Medbh McGuckian Stuart McWilliams Juliet Mullins Elisabeth Okasha Jane Roberts Donald Scragg Mary Swan John Thompson Elaine Treharne Robert Upchurch Gordon Whatley Jonathan Wilcox   *Space, Place and Poetry in English and German, 1960–1975* Nicola Thomas,2018-07-13 Space Place and Poetry in English and German 1960 1975 examines the work of Paul Celan J H Prynne Derek Mahon Sarah Kirsch Edwin Morgan and Ernst Jandl bringing together postwar English and German language poetry and criticism on the theme of space place and landscape Nicola Thomas highlights hitherto underexplored connections between a wide range of poets working across the two language areas demonstrating that space and place are vital critical categories for understanding poetry of this period Thomas s analysis reveals weaknesses in existing critical

taxonomies arguing for the use of late modernist as a category with cross cultural relevance and promotes methodological exchange between the Anglophone and German traditions of landscape space and place oriented poetic criticism to the benefit of both   **The Cambridge Companion to Old English Literature** Malcolm Godden,Michael Lapidge,2013-05-02 This updated edition has been thoroughly revised to take account of recent scholarship and includes five new chapters

Niles,2015-09-28 The Idea of Anglo Saxon England 1066 1901 presents the first systematic review of the ways in which Anglo Saxon studies have evolved from their beginnings to the twentieth century Tells the story of how the idea of Anglo Saxon England evolved from the Anglo Saxons themselves to the Victorians serving as a myth of origins for the English people their language and some of their most cherished institutions Combines original research with established scholarship to reveal how current conceptions of English identity might be very different if it were not for the discovery and invention of the Anglo Saxon past Reveals how documents dating from the Anglo Saxon era have greatly influenced modern attitudes toward nationhood race religious practice and constitutional liberties Includes more than fifty images of manuscripts early printed books paintings sculptures and major historians of the era   **Gale Researcher Guide for: Local and Biblical History in Anglo-Saxon Poetry: The Battle of Maldon and Judith** Hugh Magennis, Gale Researcher Guide for Local and Biblical History in Anglo Saxon Poetry The Battle of Maldon and Judith is selected from Gale s academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research   **The Germanic Heroic Tradition in Video Games** Enrique Torres-Hergueta,2025-10-03 This monograph examines the appropriation and ludification of the Germanic heroic tradition in video games as a digital medium a process that unfolds on the margins of official discourse about the early Middle Ages The project analyzes the adaptation of medieval material to the video game format through the use of Germanic epic motifs such as the configuration of the hero his
