Le travail social impossible Francis Vernède, 2023-04-27 Cet ouvrage documente des situations où l'intervention sociale semble impossible. L'accent est mis sur l'intraitabilité caractéristique liée aux spécificités du public mais également la temporalité de l'intervention pleinement inscrite dans l'ici et maintenant. Les exemples exposés ici fruit d'une enquête ethnographique dans un Centre d'Accès à l'Accès et de l'Insertion Sociale ne participent pas d'une politique de réduction des risques, l'usage de substances mais d'une contenance des risques. Ce travail expose une série de situations qui renseignent cette intraitabilité et renvoie également au travail conduit dans le cadre d'un suivi du Revenu Minimum d'Activité RMA. L'accompagnement des personnes en situation de handicap lourd des personnes en fin de vie ou bien des adolescents dits difficiles. Il s'agit d'une invitation à penser les interventions empêchées par une problématique transversale et permanente constitutive des métiers du social.

Les habiletés d'intervention en relation d'aide. Guide d'apprentissage Germain Trottier, 2019-12-11T00:00:00-05:00 Ce guide a été conçu et réalisés comme un manuel d'enseignement pour faciliter aux étudiantes et aux étudiants de diverses disciplines (criminologie, ergothérapie, médecine, orientation, psychologie, éducation, psychologie, sciences infirmières, sexologie, travail social, etc.) leur apprentissage dans la création d'une relation de confiance de collaboration et de soutien auprès d'une personne qui consulte pour obtenir de l'aide. Il porte sur l'acquisition ou le développement de vingt-neuf habiletés susceptibles de contribuer à la réalisation d'une intervention complète et efficace. Pour chacune des habiletés retenues, il formule une définition et propose une grille d'observation permettant de donner une rétroaction constructive sur la maîtrise graduelle de l'habileté. Rechercheur Madeleine Beaudry, Ph.D., T.S. est professeure titulaire à la retraite et professeure associée à l'École de travail social et de criminologie, Université Laval. Quelques années auparavant, elle a travaillé en psychiatrie adulte. Madame Beaudry a obtenu son doctorat en service social et a ensuite enseigné à l'Université Laval. Son intérêt d'allier les connaissances théoriques à la recherche et à l'intervention a orienté l'ensemble de sa carrière. Ainsi, outre ses enseignements, elle a poursuivi de nombreuses recherches portant

principalement sur les habiletés sociales les relations conjugales et les recompositions familiales. Maintes fois invitée en France, elle a prononcé plusieurs conférences et animé des formations touchant principalement l'entraînement à l'affirmation de soi et la communication et l'intervention auprès des couples. Critical Psychoanalytic Social Work Sébastien Ponnou, Christophe

Niewiadomski, 2022-11-17

This international and interdisciplinary collection argues for the use of clinical based practices and research in social work, bringing together critical psychoanalytic ideas into social work practice to help tackle contemporary issues. With a Foreword written by Stephen Webb, this book brings together specialists from the main areas of research and clinical practices in social work, ranging from psychoanalysis, sociology, clinical psychology, ethnopsychiatry and philosophy. Arguing for a movement away from evidence based practice, chapters discuss the need for psychoanalytic thought in contemporary social work knowledge, how this can be integrated in social work practice and training the challenges faced by training and practicing social workers and the ethical issues relating to clinical based practice. Filled with case studies throughout, these diverse and rich contributions will make social workers think deeply about advocacy, ethics and the systemic changes needed in the field. This book will be invaluable reading to training and practicing clinical social workers and mental health professionals interested in social intervention. It will also be interesting to psychoanalysts as well as those studying sociology, clinical psychology and philosophy.
