The New Cambridge Bibliography of English Literature George Watson, Ian Roy Willison, 1974 *The Book of Marvels and Travels* Sir John Mandeville, 2012-09-13 In his *Book of Marvels and Travels* Sir John Mandeville describes a journey from Europe to Jerusalem and on into Asia and the many wonderful and monstrous peoples and practices in the East A captivating blend of fact and fantasy Mandeville's *Book* is newly translated in an edition that brings us closer to Mandeville's worldview

The Sublime Today Gillian B. Pierce, 2013-01-04 The *Sublime Today* considers contemporary applications of aesthetic philosophy and earlier theories of the sublime from Longinus Boileau Burke Kant and Hegel to current literary and cultural contexts Today aesthetic experience itself seems to be changing given the rise of new media and new conditions for the viewing and the reception of works of art How might the rhetoric of the sublime be used to both describe our current situation and help formulate constructive responses to it The *Sublime Today* collects the work of scholars in literature film art and media studies and provides a forum for investigating the contemporary relevance of the sublime both as it has been understood historically and as it has been formulated by more recent theorists such as Jameson Lyotard Kristeva and others The volume includes essays on literary readings of the sublime in Coetzee Eggers Lahiri and Auster essays on film and the visual arts in the work of François Ozon and in recent participatory art and essays on how new technologies and media as in media representations of 9/11 re-frame our relationship to the aesthetics of the sublime especially as they intersect with questions of gender the postcolonial and the uneasy politics of terror *Mandeville's Medieval Audiences* Rosemary Tzanaki, 2017-07-05 The so-called travels of Sir John Mandeville to the Holy Land India and Cathay were immensely popular throughout Europe during the late medieval period and were translated into nine different languages This is a detailed study of the audiences of Mandeville's *Book* with particular emphasis on its reception in England and France from the time the *Book* appeared in the 1350s to the mid 16th century The multiple ways in which audiences interpreted the work depending on wider social and cultural contexts are analysed thematically under the headings of pilgrimage geography romance history and theology and contrasted with what can be learned of the author's intentions The book is well illustrated with images taken from both manuscript and early printed editions In her study of these and the marginal notes Rosemary Tzanaki shows their importance for seeing what readers found of interest Her analysis makes a significant contribution to our understanding of how people in medieval Europe perceived the outside world **A Companion to Middle English Prose** Anthony Stockwell Garfield Edwards, 2004 The essays in this volume provide an up-to-date and authoritative guide to the major prose Middle English authors and genres Each chapter is written by a leading authority on the subject and offers a succinct account of all relevant literary history and cultural factors that need to be considered together with bibliographical references Authors examined include the writers of the *Ancrene Wisse* the Katherine Group and the *Wohunge Group* Richard Rolle Walter Hilton Nicholas Love Julian of Norwich Margery Kempe Sir John Mandeville John Trevisa Reginald Pecock and John

Contested Transparencies, Social Movements and the Public Sphere Stefan Berger, Dimitrij Owetschkin, 2019-10-18 This edited collection examines the multi faceted phenomenon of transparency especially in its relation to social movements from a range of multi disciplinary viewpoints Over the past few decades transparency has become an omnipresent catch phrase in public and scientific debates The volume tracks developments of ideas and practices of transparency from the eighteenth century to the current day as well as their semantic cultural and social preconditions It connects analyses of the ideological implications of transparency concepts and transparency claims with their impact on the public sphere in general and on social movements in particular In doing so the book contributes to a better understanding of social conflicts and power relations in modern societies The chapters are organized into four parts covering the concept and ideology of transparency historical and recent developments of the public sphere and media the role of the state as an agent of surveillance and conflicts over transparency and participation connected to social movements

The Old English Lives of St Martin of Tours Andre Mertens, 2017 St Martin of Tours is one of Christianity s major saints and his significance reaches far beyond the powerful radiance of his iconic act of charity While the saint and his cult have been researched comprehensively in Germany and France his cult in the British Isles proves to be fairly unexplored Andre Mertens closes this gap for Anglo Saxon England by editing all the age s surviving texts on the saint including a commentary and translations Moreover Mertens looks beyond the horizon of the surviving body of literary relics and dedicates an introductory study to an analysis of the saint s cult in Anglo Saxon England and his significance for Anglo Saxon culture
