baking with whole and sprouted grains making the most of the seasonal harvest and healing the body through naturally  
fermented food Sarah Owens spent years baking conventional baked goods only to slowly realize she had developed a  
crippling inability to digest or tolerate their ingredients Unable to enjoy many of her most favorite foods she knew she must  
find a health sustaining alternative Thus Sarah started experimenting with sourdough leavening which almost immediately  
began to heal her gut and inspire her anew in the kitchen Soon after her artisan small batch bakery BK17 was launched and  
with that a new way to savor and share nutritious sourdough breads and treats with her Brooklyn community Sourdough and  
other fermented foods are making a comeback because of their rich depth of flavor and proven health benefits In Sourdough  
Sarah demystifies keeping a sourdough culture which is an extended fermentation process that allows for maximum flavor  
and easy digestion showing us just how simple it can be to create a healthy starter from scratch Moreover Sarah uses home  
grown sourdough starter in dozens of baked goods including cookies cakes scones flatbreads tarts and more well beyond
