Eros and Thanatos. Love across Civilizations Alberto Castelli, 2024-02-06 Eros and Thanatos is about the deadly nature of love It is remarkable that literary critics have paid so little attention to the combination between love and death in literature This book seeks to address this significant scholarly lacuna by exploring key literary texts of the last two hundred years as exemplary of a consistent tendency toward love and death Its emphasis on singular characters and close readings suggests the spectrum of an arbitrary dichotomy never fully resolved The existential discussion triggered by each plot is so intense that the erotic and the merely sexual seem inappropriate Indeed each writer chose to reduce it to the setting and background of a story that takes place elsewhere With this in mind the author intends to reflect love s paradoxical nature If love is triggered by beauty beauty can be immoral and love must die to preserve the illusion of beauty Role of the Interpreter Marta Biagini, Michael S. Boyd, Claudia Monacelli, 2017-05-25 This volume provides a critical examination of quality in the interpreting profession by deconstructing the complex relationship between professional norms and ethical considerations in a variety of sociocultural contexts Over the past two decades the profession has compelled scholars and practitioners to take into account numerous factors concerning the provision and fulfilment of interpreting Building on ideas that began to take shape during an international conference on interpreter mediated interactions commemorating Miriam Shlesinger held in Rome in 2013 the book explores some of these issues by looking at the notion of quality through interpreters self awareness of norms at work across a variety of professional settings contextualising norms and quality in relation to ethical behaviour in everyday practice Contributions from top researchers in the field create a comprehensive picture of the dynamic role of the interpreter as it has evolved with key topics revisited by the addition of new contributions from established scholars in the field fostering discussion and further reflection on important issues in the field of interpreting This volume will be key reading for scholars researchers and graduate students in interpreting and translation studies pragmatics discourse analysis and multilingualism The Affinity of the Eye Ignacio L—pez-Calvo, 2013-06-06 L pez Calvo uses contemporary Nikkei texts such as fiction testimonies and poetry to construct an account of the cultural formation of Japanese migrant communities and in so doing challenges fixed notions of Japanese Peruvian identity Love Alberto Castelli, 2024-08-02 This book studies the various narrative shades of love in twentieth century Latin American fiction It examines writings by Isabel Allende Roberto Arlt Garc a M rquez and Mario Vargas Llosa The author provides a close textual reading of each novel and discusses how humans make sense of their lives through love He shifts the focus of these writings from political violence and historical disillusionment to the illusion of love An important contribution to Latin American literary criticism this book will be of interest to students and scholars of literature history Latin American literature philosophy ethics aesthetics comparative literature and sociology POÉTICA Y POLÍTICA Julio Carmona, 2016-06-24 Julio C sar Carmona ha realizado una lectura minuciosa de la novela Confesiones de Tamara Fiol del escritor piurano Miguel Guti rrez Correa Dicha lectura le ha permitido detectar fallas no s lo de car cter gramatical o de orden ling stico sino tambi n de
