THE JUNGLE BOOK & THE SECOND JUNGLE BOOK (With the Original Illustrations) Rudyard Kipling, 2017-08-07 The Jungle Book is a collection of stories. The tales in the book are fables using animals in an anthropomorphic manner to give moral lessons. The verses of The Law of the Jungle for example lay down rules for the safety of individuals, families and communities. Kipling put in them nearly everything he knew or heard or dreamed about the Indian jungle. The best known of them are the three stories revolving around the adventures of an abandoned man cub Mowgli who is raised by wolves in the Indian jungle. The most famous of the other four stories are probably Rikki Tikki Tavi the story of a heroic mongoose and Toomai of the Elephants the tale of a young elephant handler. As with much of Kipling's work each of the stories is preceded by a piece of verse and succeeded by another. The Second Jungle Book is a sequel which features five stories about Mowgli and three unrelated stories all but one set in India most of which Kipling wrote while living in Vermont.

Rudyard Kipling 1865-1936 was an English short story writer, poet and novelist. He wrote tales and poems of British soldiers in India and stories for children. He is regarded as a major innovator in the art of the short story; his children's books are classics of children's literature and one critic described his work as exhibiting a versatile and luminous narrative gift.

Immediately, she must confront secrets in the house: why was the boy expelled from his boarding school, and what was the fate of the previous governess? And then the house seems to be haunted by ghosts: are they malevolent former denizens of the household bent on the children's destruction, or something else?
