Horton,2013-08-27 God s Day Code is one of the most prominent and significant features of the Bible It is based on the principle that God views a thousand years as but one Day in His sight Since so much of end time prophecy is written from this heavenly perspective this key unlocks the true meaning of many prophecies concerning the Lord s return Learn how the plan of redemption is based on a great Week of thousand year Days and how this marks our generation for Christ s return Learn why the Church has always lived in the last Days why Jesus compared our time with the days of Noah and how to reserve your own chariot of fire for the rapture      **Hebrews** James Girdwood,Peter Verkruyse,1997      *The Last Days of Hitler* Hugh R Trevor-Roper,1978-09-28      **The Last Days of the Afghan Republic** Arsalan Noori,Noah Coburn,2023-05-22 It is difficult to overstate the chaos of August 2021 for many of those in Afghanistan particularly those who had worked closely with the international community there In a matter of days U S troops withdrew from Afghanistan and an insurgency threw out a government the international community had spent 20 years and billions of dollars supporting A government that claimed to stand for women s rights freedom of the press education and a litany of other ideals was replaced by one that did not allow girls to attend secondary school The world watched for two weeks as crowds rushed the airport bodies fell from planes a suicide bomber killed civilians and soldiers and a baby was handed to a Marine over a barbed wire wall The agony of lives so clearly destroyed as people tried to flee their homeland with little to nothing felt like images seen in the wake of natural disasters But this was not a natural disaster It was completely avoidable Part memoir and part history *The Last Days of the Afghan Republic* tells this story through the experiences of Arsalan Fatima Zeinab and Najeeb a scholar a doctor a student and a translator These young men and women had bought into the promise of the international intervention that if they studied worked hard and believed in democracy and human rights Afghanistan could become a new country Their lives also tell the story of Afghanistan over the past thirty years They recount from the ground up the political decisions on the American side that led to the forever war the way that Afghan political partners squandered opportunities and the ways in which the U S presence unevenly reshaped Afghan society
