*A Translation Theory of Knowledge Transfer* Kjell Arne Røvik, 2023-03-28 In *A Translation Theory of Knowledge Transfer* Kjell Arne Røvik develops a new theory on the challenges of transferring and sharing knowledge across organizational borders Based on extensive research he proposes a new reframing idea of knowledge transfer as acts of translation resembling the translation of texts This new concept both extends and challenges established theories of knowledge transfer Containing a comprehensive review of the last 40 years of research on knowledge transfer across organizational borders this book also offers a step by step account of how a new theory within organizational research has been developed Røvik states that the capacity of an organization to transfer and exploit knowledge from other organizations is a key to its competitiveness progress and even survival and convincingly argues how this new translation theory can be used to guide practitioners involved in knowledge transfer processes

Central and Eastern European Literary Theory and the West Michał Mrugalski, Schamma Schahadat, Irina Wutsdorff, 2022-12-05 Literary theory flourished in Central and Eastern Europe throughout the twentieth century but its relation to Western literary scholarship is complex This book sheds light on the entangled histories of exchange and influence both within the region known as Central and Eastern Europe and between the region and the West The exchange of ideas between scholars in the East and West was facilitated by both personal and institutional relations both official and informal encounters For the longest time however intellectual exchange was thwarted by political tensions that led to large parts of Central and Eastern Europe being isolated from the West A few literary theories nevertheless made it into Western scholarly discourses via exiled scholars Some of these scholars such as Mikhail Bakhtin become widely known in the West and their thought was transposed onto new Western cultural contexts others such as Olga Freidenberg were barely noticed outside of Russian and Poland This volume draws attention to the schools circles and concepts that shaped the development of theory in Central and Eastern Europe as well as the histoire croisée the history of translations transformations and migrations that conditioned its relationship with the West

interest in managing change in a large corporation will find this reissue rewarding reading *Routledge Revivals: Community, Gender, and Individual Identity (1988)* David Aers, 2024-11-01 First published in 1988 David Aers explores the treatment of community gender and individual identity in English writing between 1360 and 1430 focusing on Margery Kempe Langland Chaucer and the poet of Sir Gawain He shows how these texts deal with questions about gender the making of individual identity and competing versions of community in ways which still speak powerfully in contemporary analysis of gender formation sexuality and love Making wide use of recent research on the English economy and communities and informed by current debates in the theory of culture and gender the book will be of interest to those concerned with medieval studies Renaissance studies and women's studies *Linguacultural Hybridity and Translation* Zahra Reyhani Monfared, 2024-10-28 In an increasingly globalised world the cultures of Orient and Occident are no longer firmly separated This hybridity is also a part of literature a concept which needs to be explored in Translation Studies This study examines its evolution across language culture literature and translation It introduces a sociolinguistic approach for studying marginalized hybrid texts and their translations into English focusing on the power dynamics that dichotomize the world into First Third worlds The author examines how sociological factors in central societies affect the acceptance and recognition of marginalized literary works within Western literary circles and world literature The study analyses classical and modern Persian literature It highlights the double voicedness in these texts By illustrating how hybrid elements from R m s mystical poems and Hid yat s surrealist prose are re created in their English translations it elevates the analysis of hybrid elements to a languacultural level *The Faerie Queene (Routledge Revivals)* Humphrey Tonkin, 2014-08-01 Edmund Spenser's *The Faerie Queene* is among the most important literary products of the Elizabethan age and the vast sweep of its moral political and social concerns tells us more about the age than any other work This volume first published in 1989 offers detailed readings of each of the poem's seven books along with introductory chapters on Spenser's career and the roots of the poem in the English and continental traditions Humphrey Tonkin pays particular attention to the work's political and cultural role and its contribution to the development of Elizabethan ideology A comprehensive analysis this reissue will be of particular value to literature students and academics alike **The Muhammad Avatāra** Ayesha A. Irani, 2021 The Muhammad Avatara examines the under studied seventeenth century Nabivamsa of Saiyad Sultan revealing the role of vernacular translation in the spread of Islam to Bengal The Nabivamsa retells the life of the Prophet Muhammad for the first time to Bengalis in their mother tongue In this book Ayesha Irani delineates the challenges Saiyad Sultan faced in articulating the pre eminence of Islam in a land where multiple religious affiliations were common This text critical study lays bare the sophisticated strategies of translation used by a prominent early modern Muslim Bengali intellectual to invite others to his faith *From Machine Learning to Artificial Intelligence* Abdalmuttaleb M. A. Musleh Al-Sartawi, Manaf Al-Okaily, Anas Ali Al-Qudah, Fadi Shihadeh, 2025-02-01 The world is on a cusp of something great Technology has advanced from solving simple

issues to complex issues in both human life and other aspects such as social economic and environmental issues The significance of machine intelligence as a tool to propel human as well as economic development is an important and hot topic today This book is about how modern machine intelligence AI and machine learning applications can be used by governments and firms for financial and economic inclusion as well as for providing solutions to bridge the digital divide It aims to cover philosophical discussions frameworks and applications on central topics in machine intelligence deep learning mesh networks frugal engineering frugal innovation blockchain technology alternate networks and intelligent digital financial inclusion system architectures This book also aims to discuss the initiatives policies strategies and governance issues related to furnishing technologies for technology access financial inclusion and in turn economic growth Financial inclusion is defined as the proportion of people and corporations that use financial services It further describes the fair equal and attainable access to financial services Rawat et al 2023 Financial inclusion is key to economic inclusion and economic growth as it enables the poor to improve their lives Chapters in the book will improve our understanding of the advances and challenges of applying machine intelligence for financial inclusion and economic growth in different contexts including financial markets governments and corporations in both developing and developed countries Access to financial services is essential to development efforts of markets economies and eventually societies Hence in this context financial inclusion can be explained as the process of ensuring that individuals particular impoverished people have access to essential financial services in the formal financial sector Financial inclusion recently has been receiving traction from scholars and policymakers whereby it is one of the major strategies used by economies and societies in achieving UN s sustainable development goals Rawat et al 2023 argues that it is vital to increase the use of low cost digital methods for the economically marginalized and under served people and sectors There is a need for financial inclusion for the rapidly dynamic Industry 4 0 Therefore linking technology more particularly machine intelligence with financial inclusion and technology access is quite crucial given the current technological environment Additionally financial inclusion helps in enhancing the level of economic and social inclusion in many societies and developing countries as well as help in reducing poverty levels Policy makers in several countries continue to commit significant resources and technologies to increase the level of financial inclusion in their countries to reduce financial exclusion In developing countries financial inclusion remains below potential in part due to the digital divide limited technology access and the challenge for financial institutions in developing products for the low income mass market Hook IV 2019 Marimuthu et al 2022 These matters are important topics to be researched and discussed especially with the advancement of technology such as artificial intelligence machine learning blockchain business intelligence online education in the current post pandemic environment which catalysed these digital transformations Therefore this book has been proposed to discuss a very important and emerging topics which contributes significantly to policy and the SDGs in the digital economy

**Translation in the Performing Arts** Enza De Francisci,Cristina

Marinetti,2025-03-31 This innovative collection showcases the interconnectedness of translation and the performing arts drawing on examples spanning languages eras and modes of performance to argue for the importance of re envisioning translation beyond writing Featuring contributions from established and emerging scholars the volume builds on recent epistemological shifts from a genre based view of translation toward a material based approach interested in how performance and embodiment shape translation Chapters highlight the ways in which in the nexus of translation and performing arts we can situate the cross cultural encounters and transnational exchanges that underpin translation beyond the ideology of print and help us to better understand the international circulation of performative works The volume covers a wide range of embodied practices from immersive theatre and intercultural opera to dance and sign language performance while also incorporating key perspectives from interviews with active practitioners Taken together the collection makes the case for a more nuanced understanding of translation one which accounts for the relationships between translation and the myriad forms of performance that permeate daily life This book will be of particular interest to students and scholars in translation studies visual culture theatre translation performing arts literary studies media studies and reception studies

**The Manipulation of Literature** Theo Hermans,1985-01-01      The Routledge Research Companion to the Medieval Icelandic Sagas Ármann Jakobsson,Sverrir Jakobsson,2017-02-17 The last fifty years have seen a significant change in the focus of saga studies from a preoccupation with origins and development to a renewed interest in other topics such as the nature of the sagas and their value as sources to medieval ideologies and mentalities The Routledge Research Companion to the Medieval Icelandic Sagas presents a detailed interdisciplinary examination of saga scholarship over the last fifty years sometimes juxtaposing it with earlier views and examining the sagas both as works of art and as source materials This volume will be of interest to Old Norse and medieval Scandinavian scholars and accessible to medievalists in general

*Positionalities of Translation Studies* Garda Elsherif,Joanna Sobesto,2025-06-12 This volume explores historical cultural linguistic and anthropocentric influences on Translation Studies TS It brings together nuanced individual self reflexive case studies and juxtaposes them in order to provoke discussion on the role of contemporary researchers in the discipline of TS As well as reflecting on the historical and geographical dimensions of the situatedness of TS the book builds on existing reflections on the local political and linguistic positions of TS and examines the practical and methodological consequences of these discussions By considering insights and perspectives from various disciplines the contributors refer to the current state of the art in TS and reconstruct the discussions held on Eurocentrism anthropocentrism and the historicity of TS that have been discussed in isolation so far This volume maps potential relations between them and introduces an analytical concept of positionality that highlights commonalities among various discourses As well as theoretical and historical analysis the contributors ask how to methodologically deal with this inevitable positioning of research in contemporary research practice The contributions cover various aspects of positionalities and its influences on translation research including gender

anthropocentrism experiential knowledge and geopolitics They also explore various histories of translation studies in different temporal spatial and linguistic settings such as China Chinese Iran Persian the Netherlands English Ukraine Ukrainian Russian and France French thereby highlighting that TS as a discipline is not a monolith but consists of various histories interconnected with each other      **Progress in Political Geography (Routledge Revivals)** Michael

Pacione, 2014-06-03 Since the 1970s the field of political geography has undergone a significant transformation where new methodologies have been implemented to investigate the exercise of the power of the state within the urban environment First published in 1985 the essays in this collection addressed the growing need to assess the academic revisions that had been taking place and provide a reference point for future developments in the discipline Still of great relevance the essays consider the most prominent themes in areas of key importance to political geography including theory and methodology minority groups local government and the geography of elections This volume will be of significant value for students of political geography urban demography and town planning
