Richards Caroline Louisa 1865-1927 Hunt,2016-05-04 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

The Life of Ellen H. Richards (Classic Reprint) Caroline L. Hunt,2016-08-03 Excerpt from *The Life of Ellen H Richards* Gathered together under the shadow of their great sorrow they told each other what Mrs Richards had done for them Each had a characteristic say ing of hers to repeat or an anecdote illustrating her unfailing helpfulness to relate but chie y they spoke of how her call to them had always been in the direction of the large outgoing life Strangely enough the outlook even at that time so soon after her death was not backward but for ward They asked even then what they could do to carry on the work that she had laid down As the evening wore on the suggestion was made that one way of doing this would be by giving permanent form to what had been said there so informally and the hope was expressed that they and others who had known the inspiration of her personal in uence might have an opportunity to show her to the world as they had seen her About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Life of Ellen H. Richards - Primary Source Edition Caroline Louisa Hunt,2013-12-07 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

Rachel Carson and Her Sisters Robert K Musil, 2014-04-01 In *Rachel Carson and Her Sisters* Robert K Musil redefines the achievements and legacy of environmental pioneer and scientist Rachel Carson linking her work to a wide network of American women activists and writers and introducing her to a new contemporary audience Rachel Carson was the first American to combine two longstanding but separate strands of American environmentalism the love of nature and a concern for human health Widely known for her 1962 best seller *Silent Spring* Carson is today often perceived as a solitary great woman whose work single handedly launched a modern environmental movement But as Musil demonstrates Carson's life's work drew upon and was supported by already existing movements many led by women in conservation and public health On the fiftieth anniversary of her death this book helps underscore Carson's enduring environmental legacy and brings to life the achievements of women writers and advocates such as Ellen Swallow Richards Dr Alice Hamilton Terry Tempest Williams Sandra Steingraber Devra Davis and Theo Colborn all of whom overcame obstacles to build and lead the modern American environmental movement

Sisters of Prometheus João Paulo André, 2024-07-04 This comprehensive book portrays the long overdue recognition of women's work in chemistry which only materialized with their late access to universities Besides describing their scientific triumphs it unveils the human side of the characters involved providing an intimate perspective often supported by extracts from their correspondence By delving into their personal stories struggles and successes this book brings these women to life Written with simplicity and rigor it aims to inspire and educate readers of all backgrounds about the extraordinary scientific achievements of these trailblazing women

Science, Sex, and Society Ann E. Kammer, 1979

Love of the Land , A Day at a Time Margo Culley, 1985 Gathers diary selections describes the historical background of each writer and discusses the changing function and content of diaries

Women in Chemistry Marelene F. Rayner-Canham, Geoffrey Rayner-Canham, 1998 Though rarely noted women have been active participants in the chemical sciences since the beginning of recorded history This thought provoking book brings to life the many talented women who besides the universally respected Marie Curie made significant contributions to chemistry The Rayner Canhams examine the forces that have defined women's roles in the progress of chemistry observing that many were thwarted from capitalizing on their achievements by the prejudices of their time Their book discusses women chemists from as far past as the Babylonian civilization but focuses on professional women chemists from the mid 19th century when women gained access to higher education Read this book and learn about the chemist assistants of the French salons about independent researchers in the 19th century about the three disciplinary havens for women in the 20th century about how war helped bring women into the chemical industry and much more

Remaking Home Economics Sharon Y. Nickols, Gwen Kay, 2015 An interdisciplinary effort of scholars from history women's studies and family and consumer sciences *Remaking Home Economics* covers the field's history of opening career opportunities for women and responding to domestic and social issues Calls to bring back home economics miss the point that it never went away say Sharon Y Nickols and Gwen Kay home

economics has been remaking itself in study and practice for more than a century These new essays relevant for a variety of fields history women s studies STEM and family and consumer sciences itself take both current and historical perspectives on defining issues including home economics philosophy social responsibility and public outreach food and clothing gender and race in career settings and challenges to the field s identity and continuity Home economics history offers a rich case study for exploring common ground between the broader culture and this highly gendered profession This volume describes the resourcefulness of past scholars and professionals who negotiated with cultural and institutional constraints to produce their work as well as the innovations of contemporary practitioners who continue to change the profession including its name and identity The widespread urge to reclaim domestic skills along with a continual need for fresh ways to address obesity elder abuse household debt and other national problems affirms the field s vitality and relevance This volume will foster dialogue both inside and outside the academy about the changes that have remade and are remaking family and consumer sciences

William Barton Rogers and the Idea of MIT A. J. Angulo, 2009-01-26 Winner 2009 Outstanding Book Award History of Education Society Winner 2009 Richard Slatten Prize for Excellence in Virginia Biography Virginia Historical Society Conceptual founder of the Massachusetts Institute of Technology William Barton Rogers was a highly influential scientific mind and educational reformer of the nineteenth century A J Angulo recounts the largely unknown story of one man s ideas and how they gave way to the creation of one of America s premier institutions of higher learning MIT s long tradition of teaching research and technological innovation for real world applications is inexorably linked to Rogers educational philosophy Emphasizing the useful arts a curriculum of specialized scientific study stressing theory and practice innovation and functionality Rogers sought to revolutionize standard educational practices of the day Controversial in an era typified by a generalist approach to teaching the sciences Rogers model is now widely emulated by institutions throughout the world Exploring the intersection of Rogers educational philosophy and the rise of technical institutes in America this biography offers a long overdue account of the man behind MIT

How the Other Half Ate Katherine Leonard Turner, 2014-01-10 In the late nineteenth and early twentieth centuries working class Americans had eating habits that were distinctly shaped by jobs families neighborhoods and the tools utilities and size of their kitchens along with their cultural heritage *How the Other Half Ate* is a deep exploration by historian and lecturer Katherine Turner that delivers an unprecedented and thoroughly researched study of the changing food landscape in American working class families from industrialization through the 1950s Relevant to readers across a range of disciplines history economics sociology urban studies women s studies and food studies this work fills an important gap in historical literature by illustrating how families experienced food and cooking during the so called age of abundance Turner delivers an engaging portrait that shows how America s working class in a multitude of ways has shaped the foods we eat today

The Pursuit of Knowledge Under Difficulties , 1995-12 This first history of nontraditional education in America covers the span from Benjamin Franklin s Junto to community colleges It aims to unravel

the knotted connections between education and society by focusing on the voluntary pursuit of knowledge by those who were both older and more likely to be gainfully employed than the school age population

The Biographical Dictionary of Women in Science Marilyn Ogilvie, Joy Harvey, 2003-12-16 Volume 2 of 2 Lives and Plans, 1992 Creating Consumers

Carolyn M. Goldstein, 2012-05-28 Home economics emerged at the turn of the twentieth century as a movement to train women to be more efficient household managers At the same moment American families began to consume many more goods and services than they produced To guide women in this transition professional home economists had two major goals to teach women to assume their new roles as modern consumers and to communicate homemakers needs to manufacturers and political leaders Carolyn M Goldstein charts the development of the profession from its origins as an educational movement to its identity as a source of consumer expertise in the interwar period to its virtual disappearance by the 1970s Working for both business and government home economists walked a fine line between educating and representing consumers while they shaped cultural expectations about consumer goods as well as the goods themselves Goldstein looks beyond 1970s feminist scholarship that dismissed home economics for its emphasis on domesticity to reveal the movement s complexities including the extent of its public impact and debates about home economists relationship to the commercial marketplace

Alma Mater Helen Lefkowitz Horowitz, 1993 An examination of the founding and development of the Seven Sisters colleges Mount Holyoke Vassar Wellesley Smith Radcliffe Bryn Mawr and Barnard Alma Mater focuses on the ideas behind their establishment and the colleges architectural academic and social histories as well as those of their twentieth century successors Sarah Lawrence Bennington and Scripps **Department of Agriculture Appropriation Bill** United States. Congress. House. Committee on Appropriations, 1950
