**Mugabe and a Conflicting Legacy** Munyaradzi, Mawere,Marongwe, Ngonidzashe,2018-11-17 Arguably one of the most polarising figures in modern times has been Robert Gabriel Mugabe the former President of the Republic of Zimbabwe The mere mentioning of his name raises a lot of debate and often times vicious if not irreconcilable differences both in Zimbabwe and beyond In an article titled Lessons of Zimbabwe Mahmood Mamdani succinctly captures the polarity thus It is hard to think of a figure more reviled in the West than Robert Mugabe and his land reform measures however harsh have won him considerable popularity not just in Zimbabwe but throughout southern Africa This together with his recent stylised ouster speaks volumes to his conflicted legacy The divided opinion on Mugabe s legacy can broadly be represented first by those who consider him as a champion of African liberation a Pan Africanist an unmatched revolutionary and an avid anti imperialist who literally spoke the truth to Western imperialists On the other end of the spectrum are those who seemingly paying scant regard to the predicament of millions of black Zimbabweans brutally dispossessed of their land and human dignity since the Rhodesian days have differentially characterised Mugabe as a rabid black fascist an anti white racist an oppressor and a dictator Drawing on all these opinions and characterisations the chapters ensconced in this volume critically reflect on the personality leadership style and contributions of Robert Mugabe during his time in office from 1980 to November 2017 The volume is timely in view of the current contested transition in Zimbabwe and with regard to the ongoing consultations on the Land Question in neighbouring South Africa It is a handy and richly documented text for students and practitioners in political science African studies economics policy studies development studies and global studies

#### **Digital Activism in Zimbabwe** Tenford

Chitanana, 2024-10-21 This book investigates the role of the internet and social media in political processes in non western and non democratic contexts Using Zimbabwe as a case study the book demonstrates how activists and ordinary people deploy social media particularly Facebook to subvert an enduring hegemonic state However the book also highlights how authoritarian regimes are in turn learning and adapting to the information age challenging the impact of digital activism Studies of digital activism in the Global South are often centred around democracy but this book paints a more complex picture examining the role and effect of digital activism in challenging state hegemony in authoritarian contexts The book notes that while communication technologies help mediate activism they are also simultaneously constrained by pre existing and emergent challenges tied to the social and political context and the inherent limitations of those technologies The book investigates the tactics used by digital activists the contextual factors and restrictive political environment they operate in including the role of pro government activists and ultimately the impact of digital activism given these constraints From the case of Zimbabwe the book builds out a broader theoretical analysis of the evolution of third world protest in the digital age examining the limitations of activists actions and the ideological deficit in online activism to ferment a virulent counter

hegemony

**African Handbook of Climate Change Adaptation** Nicholas Ogue,Desalegn Ayal,Lydia Adeleke,Izael da Silva,2021-05-20 This open access book discusses current thinking and presents the main issues and challenges associated with climate change in Africa It introduces evidences from studies and projects which show how climate change adaptation is being and may continue to be successfully implemented in African countries Thanks to its scope and wide range of themes surrounding climate change the ambition is that this book will be a lead publication on the topic which may be regularly updated and hence capture further works Climate change is a major global challenge However some geographical regions are more severly affected than others One of these regions is the African continent Due to a combination of unfavourable socio economic and meteorological conditions African countries are particularly vulnerable to climate change and its impacts The recently released IPCC special report Global Warming of 1 5o C outlines the fact that keeping global warming by the level of 1 5o C is possible but also suggested that an increase by 2o C could lead to crises with crops agriculture fed by rain could drop by 50% in some African countries by 2020 and livestock production could damage water supplies and pose an additonal threat to coastal areas The 5th Assessment Report produced by IPCC predicts that wheat may disappear from Africa by 2080 and that maize a staple will fall significantly in southern Africa Also arid and semi arid lands are likely to increase by up to 8% with severe ramifications for livelihoods poverty eradication and meeting the SDGs Pursuing appropriate adaptation strategies is thus vital in order to address the current and future challenges posed by a changing climate It is against this background that the African Handbook of Climate Change Adaptation is being published It contains papers prepared by scholars representatives from social movements practitioners and members of governmental agencies undertaking research and or executing climate change projects in Africa and working with communities across the African continent Encompassing over 100 contribtions from across Africa it is the most comprehensive publication on climate change adaptation in Africa ever produced [Zimbabwe Will Never be a Colony Again!](#) Mararike, Munoda,2019-06-25 This is a thought provoking original book based on a wealth of empirical case studies of how Zimbabwe experienced illegal economic

sanctions It is a study of how the humanly constructed obstructions from external remittances finance flows into the country to finance embargos or total financial blockages are deliberately created by so called powerful governments to deal with an errand country The infamous Zimbabwe Democracy Economic Recovery Act of 2001 ZDERA is part of a raft of punitive measures and discourses that the USA UK and Europe used to make the economy in the words of US s Chester Crocker scream It is the same powerful countries who allow their Multinational Corporations to loot while they impose sanctions against African governments and their peoples to make them scream The book is an insightful contribution on Africa s contemporary post colonial liberation politics of development economics It focuses on Zimbabwe as a synthesis of microcosmic study that provides accessible in depth analysis of key aspects of sanctions as a weapon of control wielded by the so called powerful governments of the Global North Zimbabwe was clobbered with post independence economic sanctions after its land reform programme which benefitted its mostly colonially dispossessed African citizens The land reform was intended as a reversal of colonial injustice and a counter restitutive measure against imperialism The book invites the reader to see power differently as compassion and the capacity to right past wrongs by protecting all and sundry from inequality and poverty Sanctions even when called targeted are non discriminatory as they affect ordinary citizens with the same ferocity and savagery as against intended target albeit often missing the target Sanctions are lethal Sanctions are a graveyard for the poor weak and vulnerable This is an idea of power that the Global North failed to grasp when they decided to punish the Mugabe government for daring to contemplate justice and restitution Civil Society in Zimbabwe

Mandlenkosi Mpofu,Dion Nkomo,Kirk Helliker,2025-09-01 This book considers the historical and spatial dimensions of civil society in Zimbabwe s Matabeleland region an area suffering from severe development and democratic deficits over many decades Transcending an organisational conception of civil society and a simplistic state civil society dualist understanding it recognises the dynamic character of civil society as a social space inclusive of less formalised associational forms of collective life as well as the colonial character and legacies of civil society both analytically and empirically This book facilitates a nuanced understanding of the specificities of the social political and economic evolution of Matabeleland in colonial and post colonial Zimbabwe and the region s troubled relations with the central state Historically it traces civil society in Matabeleland from the region s resistance against the colonial settler state to contemporary struggles for justice given the unresolved Gukurahundi legacy Civil society is depicted as constituted by a set of complex and shifting struggles for justice not simply between Matabeleland and the central state but also internally within Matabeleland along multiple fault lines including class and culture The relevance of understanding civil society in Matabeleland for Zimbabwe and Africa more widely is brought to the fore The book will be of interest and value to scholars of civil society politics and democratisation across the African continent Sustainable Agricultural Marketing and Agribusiness Development Brighton
