Above the Fray Shai M. Dromi, 2020-01-24 From Lake Chad to Iraq nongovernmental organizations NGOs provide relief around the globe and their scope is growing every year Policy makers and activists often assume that humanitarian aid is best provided by these organizations which are generally seen as impartial and neutral In *Above the Fray* Shai M Dromi investigates why the international community overwhelmingly trusts humanitarian NGOs by looking at the historical development of their culture With a particular focus on the Red Cross Dromi reveals that NGOs arose because of the efforts of orthodox Calvinists demonstrating for the first time the origins of the unusual moral culture that has supported NGOs for the past 150 years Drawing on archival research Dromi traces the genesis of the Red Cross to a Calvinist movement working in mid nineteenth century Geneva He shows how global humanitarian policies emerged from the Red Cross founding members faith that an international volunteer program not beholden to the state was the only ethical way to provide relief to victims of armed conflict By illustrating how Calvinism shaped the humanitarian field Dromi argues for the key role belief systems play in establishing social fields and institutions Ultimately Dromi shows the immeasurable social good that NGOs have achieved but also points to their limitations and suggests that alternative models of humanitarian relief need to be considered

A Velvet Empire David Todd, 2023-09-26 How France's elites used soft power to pursue their imperial ambitions in the nineteenth century After Napoleon's downfall in 1815 France embraced a mostly informal style of empire one that emphasized economic and cultural influence rather than military conquest *A Velvet Empire* is a global history of French imperialism in the nineteenth century providing new insights into the mechanisms of imperial collaboration that extended France's power from the Middle East to Latin America and ushered in the modern age of globalization David Todd shows how French elites pursued a cunning strategy of imperial expansion in which conspicuous commodities such as champagne and silk textiles together with loans to client states contributed to a global campaign of seduction French imperialism was no less brutal than that of the British But while Britain widened its imperial reach through settler colonialism and the acquisition of far flung territories France built a velvet empire backed by frequent military interventions and a broadening extraterritorial jurisdiction Todd demonstrates how France drew vast benefits from these asymmetric imperial like relations until a succession of setbacks around the world brought about their unravelling in the 1870s *A Velvet Empire* sheds light on France's neglected contribution to the conservative reinvention

of modernity and offers a new interpretation of the resurgence of French colonialism on a global scale after 1880 This panoramic book also highlights the crucial role of collaboration among European empires during this period including archrivals Britain and France and cooperation with indigenous elites in facilitating imperial expansion and the globalization of capitalism

Casket Girls Amy Pilkington, Amy Dodd Pilkington, 2016-07-19 In New Orleans the cemeteries are filled with above ground tombs that resemble tiny houses Some people call these cemeteries cities of the dead Casket Girls is the first book in the Cities of the Dead series The summer of 1728 was a dreary time in the fledgling settlement of New Orleans The men were lonely and morale was low Work was at a standstill If the king wanted a picturesque town that would lure new settlers he had to find a way to motivate the bachelors The settlers were excited when they learned that the Le Pelican carried prospective brides but the new arrivals quickly turn the town upside down Jacques never believed the stories of vampires in the new world but he knew there was evil among them His determination to reveal the truth behind a murder leads to another murder and the town is torn apart The casket girls are labeled as vampires and become the target of many They need a true hero to save them from an angry mob but do vampires or heroes exist **Daughters of 1968** Lisa

Greenwald, 2019-01-01 Daughters of 1968 is the story of French feminism between 1944 and 1981 when feminism played a central political role in the history of France The key women during this epoch were often leftists committed to a materialist critique of society and were part of a postwar tradition that produced widespread social change revamping the workplace and laws governing everything from abortion to marriage The May 1968 events with their embrace of radical individualism and antiauthoritarianism triggered a break from the past and the women's movement split into two strands One became universalist and intensely activist the other particularist and less activist distancing itself from contemporary feminism This theoretical debate manifested itself in battles between women and organizations on the streets and in the courts The history of French feminism is the history of women's claims to individualism and citizenship that had been granted their male counterparts at least in principle in 1789 Yet French women have more often donned the mantle of particularism advancing their contributions as mothers to prove their worth as citizens than they have thrown it off claiming absolute equality The

few exceptions such as Simone de Beauvoir or the 1970s activists illustrate the diversity and tensions within French feminism as France moved from a corporatist and tradition minded country to one marked by individualism and modernity

A Queer History of Flamenco Fernando López Rodríguez,2024-11-12 A Queer History of Flamenco offers a groundbreaking exploration of flamenco through the lenses of queer theory and cultural studies Previous histories have provided a largely distorted image about why where and how people have done flamenco as well as who has performed flamenco Yet feminists transvestites butches femmes the Spanish Roma disabled people guiris and incomprehensible artists have been determined to do things differently without giving up their flamenco status In this skillful translation of his book Historia queer del flamenco Fernando L pez Rodr guez draws on diverse archival materials as well as his own lived experience and artistic practice unearthing queer flamenco histories voices and perspectives that were previously unknown avoided or purposely hidden Tracing flamenco s development from its birth up to the contemporary era the book places flamenco within significant historical periods such as the Spanish Civil War Franco s dictatorship the transition to democracy and the economic crisis of 2008 up to contemporary performances of the late 2010s In taking a queer approach to History the author abandons antiquated debates about purities and impurities anecdotes about the lives of artists that are completely detached from their processes of creation and myths about geniuses who seem to make art alone and completely detached from their collaborators and the historical social economic and artistic moment in which they lived A Queer History of Flamenco is not only about the present and the queerness of people living performing or creating in it but also about flamenco s past in which so many queer artists and practices and their lives have remained unearthed and unaddressed

Alteridad y escritura identitaria en el imaginario magrebí francófono . ,2022-05-25 Las representaciones ficcionales de los conflictos identitarios en las literaturas franc fonas magreb es contempor neas est n en auge En este sentido la escritura identitaria pretende identificar los principales problemas que encuentran las mujeres y las personas LGTBIQ a la hora de desarrollarse plenamente y mostrarse en el espacio p blico sin miedos ni verg enza as como las

estrategias adoptadas para salir adelante en un sistema de coacción moral religiosa económica o sexual. Las autoras y autores que se estudian en este volumen utilizan la ficción para dar voz a aquellos colectivos de la realidad a los que nadie escucha y que se enfrentan a discriminaciones por motivos sexuales de género raciales o de clase. Su compromiso con la sociedad pasa por una escritura que se adentra en el lado más oscuro de la vida en Marruecos o Argelia pero también en Francia para deconstruir algunos mitos en torno a la inclusión así como para configurar un imaginario magrebí más luminoso que el que algunos medios intentan imponer especialmente en un momento político marcado por el auge de la extrema derecha. La necesidad de aunar luchas para liberarse del yugo neoliberal del heteropatriarcado cristaliza en un discurso interseccional que problematiza las cuestiones de género y clase desde una perspectiva anticolonialista acorde con los debates actuales en el mundo francófono cuyo objetivo es la revolución sexual y la emancipación femenina. Los once artículos que conforman esta monografía estudian un corpus contemporáneo y abordan diferentes aspectos de la escritura identitaria magrebí francófona del siglo XXI.

Vive Les Filles 2016 Introduction

In today's digital age, the availability of Vive Les Filles 2016 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Vive Les Filles 2016 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Vive Les Filles 2016 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Vive Les Filles 2016 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Vive Les Filles 2016 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Vive Les Filles 2016 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Vive Les Filles 2016 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Vive Les Filles 2016 books and manuals for download have transformed the way we access information. They provide a cost-effective and

convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Vive Les Filles 2016 books and manuals for download and embark on your journey of knowledge?
