Albert Camus in the 21st Century , 2008-01-01 In the first decade of a new century this collection of bilingual essays examines Camus s continuing popularity for a new generation of readers In crucial respects the world Camus knew has changed beyond all recognition decolonization the fall of the Iron Curtain a new era of globalization and the rise of new forms of terrorism have all provoked a reconsideration of Camus s writings If the Absurd once struck a particular chord

Meursault is as likely now to be seen as a colonial figure who expresses the alienation of the settler from the land of his birth Yet this increasing orthodoxy must also take account of the reasons why a new community of Algerian readers have embraced Camus Equally once isolated because of his anti Communist stance Camus has been taken up by disaffected members of the Left convinced that new forms of totalitarianism are abroad in the world This volume which ranges from interpretations of Camus s literary works his journalism and his political writings will be of interest to all those seeking to re evaluate Camus s work in the light of ethical and political issues that are of continuing relevance today

Principles and Practice of Social Marketing Rob Donovan, Nadine Henley, 2010-10-28 This fully updated edition combines the latest research with real life examples of social marketing campaigns the world over to help you learn how to apply the principles and methods of marketing to a broad range of social issues The international case studies and applications show how social marketing campaigns are being used across the world to influence changes in behaviour and reveal how those campaigns may differ according to their cultural context and subject matter Every chapter is fully illustrated with real life examples including campaigns that deal with racism the environment and mental health The book also shows how social marketing influences governments corporations and NGOs as well as individual behaviour The author team combine research and teaching knowledge with hands on experience of developing and implementing public health social welfare and injury prevention campaigns to give you the theory and practice of social marketing
