*Visual Guide to Hedge Funds* Richard C. Wilson, 2014-02-20 Vivid graphics make hedge funds how they work and how to invest in them accessible for investors and finance professionals Despite the recent wave of scandals related to the hedge fund industry interest in hedge funds as a relatively safe alternative investment remains high Yet details about how the industry operates and the strategies employed by different types of hedge funds is hard to come by With increasing calls from lawmakers and the media for industry reform it is incumbent upon finance professionals and high net worth individuals to take a good look before leaping into hedge funds

That's where the Bloomberg Visual Guide to Hedge Funds comes in. It provides a graphically rich comprehensive overview of the industry and its practitioners, zeroing in on how different types of hedge funds work. Based on extensive interviews with hedge fund managers, analysts, and other industry experts, the book provides a detailed look at the industry and how it works. Outlines investment strategies employed by both long and short hedge funds, as well as global macro strategies. Arms you with need-to-know tips, tools, and techniques for success with all hedge fund investment strategies. Provides a highly visual presentation with an emphasis on graphics and professional applications. Real-life examples take you inside how hedge funds illustrate how they operate, who manages them, and who invests in them. **Bloomberg Visual Guide to Candlestick**

**Charting** Michael C. Thomsett, 2012-01-25. The easy-to-use guide to interpreting candlestick charts and derivative markets. Candlestick charts are an effective way of visualizing price movements, and due to the increased interest in the complex derivatives market, they are being used more and more widely. A combination of a line chart and a bar chart where each bar represents the range of price movement over a given time interval, candlestick charts are most often used in technical analysis of equity and currency price patterns. A guide to the most used charts. The Candlestick Glossary is arranged in an easy-to-use manner, providing a quick reference for those new to the field. Candlestick charts are formed with the help of the opening, high, low, and closing price of the day; if the opening price is above the closing price, then a filled candlestick is drawn, and these charts are visual aids for decision making in forex, stock, commodities, and options trading. Contains alphabetical explanations of over 200 candlestick and related terms. Includes daily charts of 50 companies and six-month charts for comparative explanations of candlesticks with Western-style technical indicators. Written by Michael C. Thomsett, author of over sixty books and hundreds of articles, including the bestselling *Getting Started in Bonds*, also published by Wiley. A practical and concise resource for anyone new to this way of representing derivatives. The Candlestick Glossary presents sometimes confusing concepts in a format that is easy to understand and digest. *CMT Level I 2016* Market Technician's Association, 2016-01-05.
