Poets of the Younger Generation William Archer, 1902 POETS OF THE YOUNGER GENERATION WILLIAM ARCHER, 2019 Poets of the Younger Generation (Classic Reprint) William Archer, 2015-07-11 Excerpt from Poets of the Younger Generation This book was ready for the press in the autumn 1899 when the outbreak of the war in South Africa led to the postponement of publication Two years and such years are a long time There is nothing in the book that I do not believe to day as I did two years ago but there are many things which were I writing to day I should express differently For instance several poets who in 1898 99 were still more or less on probation are now on probation no longer and the tone of advocacy which I have here and there adopted may perhaps seem uncalled for It is not my fault however that the great critic Time has in these cases been beforehand with me I tried to anticipate his judgment he has turned the tables and anticipated mine A few additions have been made to the text in the interim but the book stands substantially as I wrote it in 1898 99 Mr E C Stedman s Anthology of American Poetry with its 580 names for the most part of living writers has shown me how superficial has been my survey of the transatlantic field But it has also shown me the hopelessness of attempting to do more than cull a flower here and there in so vast and luxuriant a prairie About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Poets of the younger generation** William Archer, 1970 *English Poets Today* Bonamy Dobrée, 1954* POETS OF THE YOUNGER GENERATION William 1856-1924 Archer, 2016-08-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Thinking with Ghalib - Poetry for a New Generation Amit Basole, Anjum Altaf, 2021-11-15 Amit Basole teaches Economics at Azim Premji University Bangalore Urdu poetry as well as history and architecture of the

Owen, 2021-10-18 This study of contemporary German poetry represents the first attempt to examine comprehensively and at some length the lyric response to the unification period It sets out to investigate by means of close textual analysis whether the German Wende was also a turning point for poetry exploring how GDR poets responded both to the revolutionary events of 1989 and subsequently to the new united Germany An introductory chapter considers what is distinct about poetry as a genre especially under censorship or amid historic change as well as outlining the post unification *Literaturstreit* The following chapter offers a survey of the poet's role in the GDR from 1949 until 1989 Two central chapters then gather the poetry of the Wende and unification as a corpus of work and characterize it through the elucidation of recurring themes motifs and techniques The volume strikes a balance between giving a general overview of poetry written in 1989 1996 and focusing on individual poets whose work is particularly compelling After identifying broad trends across a wide range of individual poems collections and anthologies single chapters therefore examine in greater depth the work of Volker Braun

and Durs Grünbein The concluding chapter addresses the issue of a separate GDR literature Finally an extensive structured bibliography is provided covering the poetry literary criticism and cultural history of the period
