TransforMissional Coaching Steve Ogne, Tim Roehl, 2019-07 Leadership Practices Dr. Widza Bryant, Cedric Bryant, 2023-02-09 Leadership the ability to bring people together to accomplish shared goals be it in an organization or a church was instituted by God from the beginning In the context of the church God commissioned church leadership to go and make disciples of all nations to win souls for His kingdom throughout the world instead of standing behind a pulpit in a conventional four walls edifice that we come to know as church or donning themselves with ostentatious titles like bishop apostles prophet or prophetess to cite a few The derailment of God s perspective for church leadership has left billions of people worldwide unreached and disenfranchised from God s words thereby invoking rampant suffering not only from the ravages of wars hunger abject poverty or disease but also the transforming power of the Gospel In the Leadership Practices A Global and Biblical Perspective Drs Cedric and Widza Bryant underscore GodaEUR tm s directives His original intent of authentic biblical leadership designed to reach all people throughout the worldaEURall of which are encapsulated in Genesis 1 26 to Adam and Eve to Noah in Genesis 9 1 and in Mathew 28 19aEUR20 Jesus s mandates to the twelve disciples Go and make disciples of all nations Leadership Practices A Global and Biblical Perspective illuminates our understanding of the biblical inerrancy of leadership by probing on scholars relentless pursuit to further their knowledge of leadership definition and to expose different interpretations that provide a clear picture of what leadership is and how to apply it to reach excellence Could the inexorable pursuits to define leadership and align its practices be the cause of manaEUR tm s biased predispositions from GodaEUR tm s intended purpose A trend that commenced before humanity even existedaEUR The book accentuates the notion that leadership practices according to God s design was to be global and accessibleaEURa Christ centered mandate with tangible and pervasive biblical root that compels leaders to be open to change and to submit to GodaEUR tm s original practices The manuscript provides the reader with a biblically based model of leadership using numerous scriptural case studies that illustrate the differences between what it means to operate as a leader of this world and what it means to be a Christian leader in this world By following a Christ centered model leaders learn how success begins with change and she emphasizes how leaders must first be willing to submit to change themselves before they can guide the process in others The manuscript is filled with extensive research blending scholarly works with scriptural illustrations which collectively produce an insightful repository for leaders to draw upon as they aspire to become a global Christian leader The book has wide applications for church leaders at the local national and global levels aEURDr Richardson Regent University Missional. Kingdom People Living by Kingdom Principles Dr. Dalton Jenkins,2013-07-08 We do not have to travel to some foreign country to locate the mission field Right here literally in our backyards the world has come to us The church's basic mission is to preach the gospel of the kingdom of God this message has social and political aspects to its application This is the fundamental responsibility of the church This message is holistic and affects the total person As the church develops a comprehensive and practical understanding of missions this will propel Christians to act out their missional call The challenge as to how to be truly missional requires those people considered to be disciples to engage their communities in their everyday lives To capture the full essence of missions this book introduces a process called strategic evangelism This process serves to raise awareness by helping to clarify the nature of the structures and practices of the church relating to its missional focus to develop a better awareness of local missions and to introduce a process that will assist people to live out the mission by engaging their communities
