The Real Issue What The Untouchables Want:

What Congress & Gandhi Have done to the Untouchables Dr. Baba Saheb Ambedkar, 1946 **Dr. Babasaheb Ambedkar, Writings and Speeches** Bhimrao Ramji Ambedkar, 1991 Dr. Babasaheb Ambedkar, Writings and Speeches: What Congress and Gandhi have done to the untouchables ; Mr. Gandhi and the emancipation of the untouchables Bhimrao Ramji Ambedkar, Vasant Moon, 2010 **Dr. Babasaheb Ambedkar, Writings and Speeches: What Congress and Gandhi have done to the untouchables ; Mr. Gandhi and the emancipation of the untouchables (1991)** Bhimrao Ramji Ambedkar, 1979 Collection of essays and speeches Editors vary **For the solution of the 'Caste' question Buddha is not enough Ambedkar is not enough either Marx is a Must** Ranganayakamma, For the solution of the Caste question Buddha is not enough Ambedkar is not enough either Marx is a Must This is neither Buddha's biography nor Ambedkar's Further it is not Marx's biography either This is a discussion concerning the Dalit question based exclusively on Ambedkar's writings However I have confined myself only to those writings that deal with the Dalit question and Caste system Ambedkar had also discussed other issues like Division of labour Division of Labourers poverty unemployment and economic exploitation These issues are connected with the Dalit question and the Caste system Hence all these issues find place in this book Ambedkar had also written on other themes like the Problem of the Rupee and Large Scale Industry But I have not included those issues which are not directly connected with the Dalit question Even regarding Gandhi I have not considered issues other than those Ambedkar cited in connection with the Dalit question For the purpose of this essay I wanted to rely only on Ambedkar's writings But in couple of contexts where I could not find relevant information in Ambedkar's works I had to turn to a few references from his biographies I have given these details in the respective contexts The world needs the theory that is powerful enough to illuminate the path It is irrelevant whether that theoretician is Buddha Marx Ambedkar or someone else That which remedies the disease alone is a medicine That which emancipates from sufferings alone is the higher path If it is Buddhism we are obliged to follow it to revere it The question however is to ascertain which is the higher path This is the thing which we must ascertain We are obliged to follow the thing which we ascertain to be the higher path We need to read Ambedkar's writings in order to arrive at a correct understanding of many issues which he discussed the caste system untouchability poverty Buddhism Marxism etc We have to read them carefully and seriously Whatever we read we have to take everything that is useful We have to follow it We have to correct whatever needs correction We have to abandon whatever is not useful To do all this however we must first understand Ambedkar's ideas correctly Problems like castes and untouchability are not things that have arisen so to speak yesterday or today They have been entrenched for thousands of years But we don't have any written literature other than religious texts and some inscription that tells about them The available sources may not be useful in many contexts Yet they may be useful to some extent in some contexts When we don't find clear cut bases for the problems however there is no way out except attempting

to understand them by means of our own logic Gandhi and the Caste Question in Colonial India Shashi Bhushan Upadhyay, 2025-06-06 This book comprehensively surveys and critically analyses Gandhi's ideas on caste and untouchability. It emphasizes the fact that Gandhi was a considerable thinker who had seminal ideas on the caste question. As an intellectual history, this book is not just a study of his ideas but also of what he practised. It narrates his lifelong struggle against untouchability since his South African days and focuses on his distinctive understanding of the caste question which differed sharply from that of his contemporaries both on the right and the left. The book also critically analyses and questions the attribution of strategy to Gandhi with regard to both the nationalist and anti untouchability movements. The volume will be of great interest to scholars and researchers of history, caste and discrimination studies and South Asian studies The English Problem Beena Kamlani, 2025-01-28 A young Indian man is tapped to help his country's fight for freedom but his heart engages him in a different war. Grand sweeping, mesmerizing, a richly detailed, politically profound story of love, of migration of individuals caught up in the great convulsions of history. Joseph O'Neill, PEN Faulkner Award winning author of *Godwin*. Shiv Advani is an eighteen year old growing up in India. But he is no ordinary young man. Shiv has been personally chosen by Mahatma Gandhi to come to England, learn their laws and then return home and help drive the British out of India. Before he leaves, his family insists he fulfill his arranged marriage and he is hastily betrothed to a young woman he hardly knows. He arrives in London and soon discovers a world he is both repelled by and drawn to. Shiv knows his duty, get in, learn the letter of the law, get out. But as anyone who has ever lived in a British colony can tell you, the English Problem is multifaceted. The racist colonialism of the empire, on which the sun never sets, seeps into everything, not just landed territories but territories of the mind, literature, language, religion, sexuality, self identity. Soon the people Shiv sought to be liberated from will be the people he desperately wants to be a part of. In the end, Shiv must fight not only for his country's liberation but also his own. Set against the backdrop of the Indian independence movement, with appearances by historical figures such as Virginia and Leonard Woolf and Mahatma Gandhi, *The English Problem* is so self-assured and ambitious it is hard to believe it is a debut.

The Ambedkar-Gandhi Debate Bindu Puri, 2022-02-22 This book reconstructs the philosophical issues informing the debate between the makers of modern India, Ambedkar and Gandhi. At one level, this debate was about a set of different but interconnected issues: caste and social hierarchies, untouchability, Hinduism, conversion, temple entry and political separatism. The introduction to this book provides a brief overview of the engagements and conflicts in Gandhi and Ambedkar's central arguments. However, at another level, this book argues that the debate can be philosophically re-interpreted as raising their differences on the following issues: The nature of the self; The relationship between the individual self and the community; The appropriate relationship between the constitutive encumbrances of the self and a conception of justice; The relationship between memory, tradition and self identity; Ambedkar and Gandhi's contrary conceptions of the self, history, *itihaas*, community and justice; unpack incommensurable world views. These can be properly articulated only as very different

answers to questions about the relationship between the present and the past This book raises these questions and also establishes the link between the Ambedkar Gandhi debate in the early 20th century and its re interpretation as it resonates in the imagination and writing of marginalized social groups in the present times Annihilation of Caste in India Hira Singh,2025-02-25 This book offers a critical re examination of the relationship between caste and class Singh demystifies caste based on a comparative analysis between a Weberian and Marxian understanding of power He rejects Max Weber s account of caste as rooted in culture which Weber saw as analytically distinct from the economic and political power In contrast Singh offers a Marxist analysis of caste as a matter of land means of production and labor social relations of production Extending his critique of the cultural understanding of caste Singh examines one of the most prominent accounts of caste as a religious phenomenon specific to Hinduism The book aims to show the intrinsic interconnectedness of class and caste **National Problems, Local Solutions** United States.
