Shaping Israelite Identity through Prayers in the Book of Chronicles Kiyoung Kim, 2021-11-18 What is the post exilic Israelites destiny What should they have hoped for How could they actualize their desired community This book discusses the identity of the post exilic Israelite community by focusing on the unique rhetorical impetus in the book of Chronicles Chronicles suggests a picture of the desired future Israel Yet the Chronicler does not call for a new identity creation ex nihilo from the community but calls for the restoration of the Israelites past identity by reporting the history of Israel and Judah The restoration of their past identity can be actualized when members of the community fulfill portrayed roles and characteristics in Chronicles worshiping monotheistic believing and praying and Davidic citizenship Further recorded prayer plays a crucial role as Chronicles persuades its readers to render or exhibit those roles and characteristics Prayer invites the community members to participate so that they transform past prayers into their own prayers By doing so the prayer participants perceive portrayed roles and characteristics and change their attitude By rendering and exhibiting desired roles and characteristics they eventually hope for and actualize a better community the liturgical community Griffin, 1979 Endtime answers the questions most often asked by believers but rarely treated seriously by professional eschatologists The Christians invited to participate in ENDTIME find they have much to talk about and much to share Ornamenting the selections are illustrations spanning sixteen centuries The Realizationist View of Eschatology Philip Mark Ames, 2014-12-16 When the most wicked member of a tribe becomes its ruler and the most worthless member of a community becomes its leader and a man is respected through fear of the evil he may do and leadership is given to people who are unworthy of it expect the Day of Judgment The Prophet Muhammad This book is based entirely on the Holy Bible and is not a study of Islamic teaching However the above quotation seems timely and is not far from what the Bible itself says This book s title has two words unfamiliar to many Realizationist and Eschatology The latter is derived from two Greek words eschatos meaning last things and logos meaning word concept or understanding So eschatology is the understanding of last things the study of endtimes prophecies found in the Bible A Realizationist approaches such a study with a divine assurance that those prophecies were written for the times in which we live a realization that the last days are unfolding right now in our own generation This unique understanding began to be revealed to only a few some 45 years ago It is now being made available to all who dare to preview the realities of the next few years

Jesus and the Last Days George Raymond Beasley-Murray, 1993 Anyone wrestling with Jesus understanding of the last days must begin by braving the tempest of controversy surrounding the interpretation of Mark 13 a passage on which it seems virtually every NT scholar of the last century has felt compelled to comment From Strauss to Schniewind Perrin to Drewermann rabbit trails to roadways Beasley Murray charts the complex and sometimes confusing paths of interpretation Obviously any interpreter wishing to begin at ground zero must take seriously the forces that have shaped the modern understanding of Jesus words concerning the End

This study culminates nearly 40 years of research for Beasley Murray's passion for Mark 13 began in 1954 with the release of Jesus and the Future the present volume is a completely revised and expanded edition of the former work whose longevity as a centerpiece in discussions on Mark 13 warranted its revision and expansion George Beasley Murray's Jesus and the Future 1954 and A Commentary on Mark 13 1957 are among the very few biblical studies from the 1950s that have stood the test of time The former is still a model of how the history of biblical research should be written Now after almost forty years he has integrated the two works into one and updated his history of the interpretation of Mark 13 into the 1990s For those of us who have a sense of how much has happened in biblical studies since 1954 this is a tremendous achievement No substantial passage of the New Testament has ever been better served in a single volume The work s new title Jesus and the Last Days signals the fact that it is in most respects a new work one that will for many years be an indispensable tool for anyone working either on the Gospel of Mark the eschatology of Jesus or the eschatology of the New Testament The academic community's debt to George Beasley Murray is incalculable and mounting I Ramsay Michaels Professor of Religious Studies Southwest Missouri State University A Supplement to the Oxford English Dictionary R. Vincent Shelton, 2014-10-29 The prophets of old is running out warned that certain key end time prophecies wouldn't be revealed until the time of the end For centuries scholars have curiously wandered through a valley of endless supposition hoping to stumble upon a proper understanding of end time events Hence much of our teaching about the latter days is not strongly supported by scripture Well finally the time of the end has come Today we can scripturally prove the answers to questions like Will the Rapture of the Church occur before during or after The Great Tribulation Period Will the Beast really be a man Will the Door of Salvation still be open when the tribulation period ends Who or what are the two hundred million killer horsemen in John s vision Is our interpretation of end time prophecy emotionally obscured The scripturally sound answers to these questions will likely surprise you Exploring

Benware, 1995 Many think of end times prophecy as a gigantic puzzle difficult to piece together and impossible to figure out But every puzzle can be solved if approached the right way Benware compares prophecy to a puzzle Putting the edge pieces together first builds the framework and makes it easier to fit the other pieces in their place This book will help you put together the pieces and see the big picture END TIME EVENTS Akinbowale Isaac Adewumi, 2023-03-22 The future prophecies of what is about to happen the destiny of human souls and the end of the entire created order are made known to us in both the Old and New Testaments of the Holy Bible Fulfilled biblical prophecies of the past give us a glimpse into the bleak future History and contemporary occurrences are testaments to the unfailing precision of Bible prophecies over time Generally the Bible has many references pointing to the end times but only God knows the time specificity of when these foreboding events will roll out It only serves as a warning to all inhabitants of the earth that the end is imminent We need to prepare to meet the Lord to avoid inescapable dangers associated with the end times as espoused by eschatology which has drawn much attention in the Christian faith because God loves to reveal His plans to His prophets beforehand In our generation and civilization God's prophetic clock is ticking with accurate timelines to set the stage for the apocalyptic panoramic events that will characterize the end time events as to the milestones of human existence and its cataclysmic dimensions Opinions may vary theologies may conflict and schools of thought may differ relatively even as radio carbon dating falls into the error of anachronism but the Scripture has proved to be inerrant reliable and a fail safe about eschatology and the vicissitudes of life Armed with this binocular of God's divine calendar author Akinbowale Adewumi systematically chronicles the enigmatic events of the immediate and distant future through the last days to the end of time with convincing clarity in this book Summarily he attempts to help readers strategically place themselves in a vantage position in the race of life and eternity Unequivocally Jesus gave hints on deceivers and false Christs the noise of wars nation rising against nation and kingdom against kingdom intense persecution of brethren climatic changes earthquakes in diverse places environmental hazards famines and troubles pestilences love of God waxing cold in many believers lawlessness injustice the trial of faith tribulation hatred maliciousness betrayal untold suffering an abomination of desolation the emergence of a recessive world economy carelessness and the need for all to watch Obviously almost all events across the world no doubt have continued to confirm that the world is running its full course to drop its worn out

garment of the rebellious act unrighteousness disobedience and sin against God Hence nobody can claim ignorance of the recent happening across the globe all confirming earlier predictions and prophecies from the prophets that the second coming of our Lord Jesus Christ is at hand The Bible lifts the curtains and gives us a picture of some of the fearful events that will happen after the saints of God have been raptured caught up or taken home to be with the Lord actually Although many church assemblies or religious circles may give different interpretations to events of the end times the fact remains that no true believer should go through the agony of events in the end time The gory experiences untold sufferings and fierce judgments are better imagined. The reign of the antichrist will reach its height at this time and he will mobilize the world to fight against our Lord and Saviour Jesus Christ and the saints Nevertheless God in His infinite power will pour out His fierce judgment upon the people on the face of the earth during that time There will be no hidden place for sinners backsliders religious infidels proselytes atheists and all who reject the gospel of salvation that the Lord brought for all men The suffering and anguish will be too much to the point that men will still blaspheme God rather than repent It would be too late to repent at this time because the Holy Ghost that could bring conviction upon people would have been withdrawn Miles Fitzpatrick, 2024-09-19 The End Times Understanding Biblical Eschatology is a clear and engaging guide that delves into one of Christianity's most important and often debated subjects eschatology the study of the last things Drawing directly from Scripture this book provides readers with a thorough exploration of Christ's return the resurrection of the dead the final judgment and the ultimate fulfilment of God's redemptive plan This accessible yet deeply insightful book addresses key topics such as The return of Christ and the resurrection The final defeat of Satan and evil The role of Israel and the Church in God s eternal plan The hope of a new heaven and new earth How eschatology shapes Christian worship mission and everyday life Designed for both those new to the study of eschatology and seasoned readers The End Times offers a balanced perspective without getting caught up in speculative predictions or theological jargon Instead it focuses on the essential truths that unite all Christians the certainty of Christ's return the resurrection and the promise of eternal life in the new creation Perfect for individual study group discussions or personal reflection The End Times encourages believers to live in hope and expectancy rooted in the promises of Scripture Whether you re looking to deepen your understanding or seeking a fresh perspective on biblical prophecy this book will inspire and equip you to live faithfully in light of eternity The Complete Layman's **Guide To End Times Prophecy A Biblical Perspective**, In the Latter Days Thomas Meeker, 2013-07-23 As I set out to write a book about End Times Prophecy one of the most important rules of interpretation that must be carefully observed is to distinguish between what is actually said in the texts and that which is assumption exaggeration speculation or imagination All too often writers and preachers of prophecy publish their works mainly because they believe they have solved the riddle or completed the picture But their resulting product ends up being more a description of their own personal opinions assumptions speculations and biases than of what the Word of God actually says That by itself wouldn t be so bad

The problem comes when these assumptions and speculations are not presented as such but rather are presented and accepted as though they are well established truth Presenting them this way implies that the conclusions of the author have been proven from the Bible and are sure when in fact they are not In hopes of avoiding this kind of error I have carefully tried to distinguish in this study between the facts from the scripture and the assumptions or speculations that may be made from them The facts from the scripture are unmovable and sure Any assumptions or speculations must be open for change or outright abandonment if events around us prove them wrong Now I understand that facts can also be open to interpretation and interpretation can be a very subjective thing Therefore an author's method of interpretation is extremely important if he hopes to discover what is true The method should be as objective as possible and designed to remove the natural tendency to project one s own biases or preconceptions into the interpretation The goal is to allow the Bible to define what is true and to paint its own prophetic picture of what is to come The goal is not to use the Bible to support or lend credence to one s own pet doctrines or preconceived beliefs or imaginations Sadly the latter approach is more often than not the method that is applied in prophetic studies In this study I begin with the assumption that I know nothing of the subject at hand I approach the Bible like a detective looking for clues to solve a mystery In order to get to the truth I have to trust that my clues are accurate and that they say what they mean and mean what they say But like every human being it is hard not to filter what I m seeing subjectively So in an attempt to keep my method of interpretation as objective as possible I developed several ground rules These ground rules are explained in the book I believe that the whole Bible is true and all prophecy is accurate Therefore it will never contradict itself If it appears to contradict itself then there is something we are missing or misunderstanding If this assumption is valid and I believe it is then there is never a reason to isolate a prophetic text from the rest of the writings They should all agree and form a congruent picture Basically what I am going to be focusing on is developing a timeline Using just what the scriptures tell us without exaggerating reaching stretching spiritualizing symbolizing isolating projecting or looking for hidden meanings we will discover amazing detail and congruence as to the chronology of events Once we understand the chronology and the framework even if we do not fully understand what the events are or exactly how they will look we will be equipped to recognize the events when they actually begin to happen and thus will not miss our time of visitation Our journey begins in the book of Daniel where most of the framework of the timeline is discovered Then we will move on to the words of Jesus in the gospels of Matthew Mark and Luke With this knowledge then we will work our way through the Book of Revelation and will discover that we are much better equipped to understand how these things flow into the chronology of events In the Latter Days Jesus, Revelations, the End Times, and Me Kevin Dickerson, 2020-08-24 This book is written for the sole purpose of showing people the signs of the times the end times It began as a documentation of the things that Jesus himself has shown and explained to the author The author didn t want to forget these things so right after the visitations he would get up and go to his computer to write these things down He would

do so while he could remember every little detail Some of the things in this book would come to pass weeks after he was shown them and some are still being revealed to him today some twenty five years later This project is not done for book sales or mammon no that is not the Father's purpose The author's purpose is to scream from the roof top to announce his coming to try to get the attention of mankind to warn them To warn them to fear God and to turn to him as He will then turn to them Yes people have been predicting the Father's coming for years claiming earthquakes wars and rumors of wars All these things are true Instead of thirty five volcanos erupting a year thirty five volcanos erupt a day The last of the four world powers Rome has to rise again and even more importantly he said learn the parable of the fig tree These are two unmistakable signs of the times that cannot be duplicated The tribulation period is upon us If you know how to search the heavens you will find wormwood at our doorstep In this book there are pictures of a system of planets that are in our skies today that he believes accompanies Wormwood He would not mislead doctor any pictures for the sake of mammon Jesus said during the end of days man is going to experience a great deception Understanding the New Testament and the End **Times, Second Edition** Rob Dalrymple, 2018-04-16 Many evangelicals have come to embrace a populist eschatology that has neither the support of the historical church nor of the scholarly world today For some this has led to a disillusionment with eschatological speculations For others the results are apathy and a failure to understand the mission of God's people This is tragic For when the entirety of the New Testament is read and understood from an eschatological perspective the grand narrative of Scripture and its fulfillment in Jesus comes clearly into focus A proper framework for understanding eschatology directly correlates to a proper understanding of the mission of God's people who are themselves carrying forth the biblical story as we approach the New Jerusalem To fail to comprehend eschatology is to fail to comprehend our mission This book has two objectives First to provide a proper hermeneutical framework from which we may discern a biblical eschatological worldview Second to demonstrate that a proper eschatological framework relates to the mission of God's people and the **The Fullness of Times** Douglas Berner, 2018-07-31 The Fullness of Times demand for holiness Thus eschatology matters A Charted View of Revelation the Sequence of Prophetic Events of the End Times is a uniquely visual approach to Bible prophecy and the book of Revelation This book takes up the challenge of Bible prophecy and the puzzle regarding the chronology of end time prophetic events to bring a more comprehensive understanding of key passages in the book of Daniel and the book of Revelation The Fullness of Times is distinctive in its approach to simplifying the complexity of Bible prophecy through an emphasis on illustrations mixed with commentary It provides a graphical study guide for the book of Revelation incorporating timelines sequences of events analytical charts and logic problems as well as numerous examples of apocalyptic art depicting scenes from the Bible created by artists over the past 1 000 years Instead of a verse by verse commentary The Fullness of Times takes a chapter by chapter approach to the book of Revelation with a focus on understanding the sequences of events and the timelines of the action in each chapter This study examines several

overarching issues including 1 The Three sequences of God s judgments the seven seals seven trumpets and seven bowls through their sequential and telescopic progression 2 The conflicting views regarding God s Two Witnesses and Satan s Two Beasts and their impact upon the overall timeline of the End Times 3 The Warning of the three woes and how they significantly impact our understanding of the prophetic timeline 4 The progression of the Beast how the sequences of beasts heads horns and crowns in Daniel and Revelation influence the solution of the prophetic puzzle Douglas Berner is a retired Criminal Investigator who applies skills of case analysis and the evaluation of criminal evidence to the examination of the prophetic puzzle of the End Times The Fullness of Times A Charted View of Revelation the sequence of Prophetic Events of the End Times is the fourth book in a series of comprehensive examinations of Bible prophecy by Douglas Berner
