**Vocation** Raleigh Sadler,2021-04-13 How shall we live What is the good life What is the value of a person What is my place in this world Is God active in this world These are questions that have been asked in every culture and in every era From the Hebrew concept of Shalom wholeness well being to the Greek concept of Eudaimonia happiness and even to the American notion that all people have the right to life liberty and the pursuit of happiness great thinkers have pondered what it means for humans to flourish The doctrine of vocation uniquely answers these questions A certain level of security prosperity and freedom are essential components of human flourishing God provides these components by working through humans in their stations in life such as parents and police security farmers and bankers prosperity and soldiers and governments freedom And yet there is more for which we humans strive We are the types of beings whose wonderment drives us to the pursuit of knowledge justice and achievement In short we desire to be justified We want to be valued We want to be right or just We strive for epic ness But no mere human adulation will satisfy Nor can we justify ourselves before God with our broken lives God justifies Christians through Christ and then uses them God adds another component to human flourishing purpose He uses Christians in his economy of love to take care of the world He lifts us from the ordinary to accomplish the extraordinary even as we carry ordinary tasks For the Christian these stations become callings or vocations This can only fully be appreciated if the Christian knows that he or she is free from pleasing God through works Once the Christian is freed from this burden the whole of the Christian life is reoriented to the free exercise of love towards neighbor It is the highest calling the truly good flourishing and happy life
