Courier poems (*sandeha-* or *duta-kavya*) arguably constitute the most productive literary genre in the history of South Asia. Patterned in part after Kālidāsa's masterpiece, *The Mission of a Cloud* (*Meghadūta*), such poems usually posit a pair of separated lovers, one of whom sends an unlikely envoy—for example a cloud, a goose, the wind, the Tamil language, or a bat—with a message to the faraway beloved. Normally, the courier is assigned a route that is described in the first half of the poem, while the second half imagines him (it) delivering the message. Over centuries, Sanskrit poets produced a huge corpus of such works, as did writers in many regional languages, whose poems display particular regional and language-specific features.

The Sanskrit Summer Academy on Courier Poems (2013) is meant to document the contours of this vast, cross-linguistic genre and explain its unparalleled popularity. Following on earlier work by Bronner and Shulman and two workshops organized by Charles Hallisey (Madison 2011 and Colombo 2012), we wish to study several major Courier Poems, to define the primary features of the genre, and to situate it in the historical continuum where it belongs.

The Summer Academy will take place at the **Israel Institute for Advanced Studies**, Feldman Building, Edmond J. Safra Campus, Givat Ram, Jerusalem. For more details see www.as.huji.ac.il/sanskrit_III

The Poetic Courier Geneta Brown Turner, 2014-12-04 After my sister died I tried to write poems to ease the pain As I wrote these poems I felt whole again It was a way to ease my mind Knowing that my sister was saved and gave her life to Christ before she died it made it easier to cope with because I know she s in a better place These poems were written with joy and a whole lot of pain but I know I will see her once again Losing loved ones is a lot of grief but if we stick to our beliefs we can go through all trials and tribulations These poems are a tribute to life s beginning and ending and life s many celebrations

The Poets and Poetry of Scotland James Grant Wilson, 1877 A Collection of Poems and Songs, Descriptive, Sentimental & Humorous J. C. Trott, 1895 Langston's Salvation Wallace D. Best, 2019-02-01 Winner of the 2018 Award for Excellence in the Study of Religion in Textual Studies presented by the American Academy of Religion 2018 Outstanding Academic Title given by Choice Magazine A new perspective on the role of religion in the work of Langston Hughes Langston s *Salvation* offers a fascinating exploration into the religious thought of Langston Hughes Known for his poetry plays and social activism the importance of religion in Hughes work has historically been ignored or dismissed This book puts this aspect of Hughes work front and center placing it into the wider context of twentieth century American and African American religious cultures Best brings to life the religious orientation of Hughes work illuminating how this powerful figure helped to expand the definition of African American religion during this time Best argues that contrary to popular perception Hughes was neither an avowed atheist nor unconcerned with religious matters He demonstrates that Hughes religious writing helps to situate him and other black writers as

important participants in a broader national discussion about race and religion in America Through a rigorous analysis that includes attention to Hughes s unpublished religious poems Langston s Salvation reveals new insights into Hughes s body of work and demonstrates that while Hughes is seen as one of the most important voices of the Harlem Renaissance his writing also needs to be understood within the context of twentieth century American religious liberalism and of the larger modernist movement Combining historical and literary analyses with biographical explorations of Langston Hughes as a writer and individual Langston s Salvation opens a space to read Langston Hughes writing religiously in order to fully understand the writer and the world he inhabited
