**The Madman** Steven T. Stevenson, 2024-08-07 If you enjoyed Book I to The Madman I am hopeful that you will enjoy this follow up tale The first installment was meant to demonstrate how easy it can be to lose yourself in the face of an impersonal world set against you and how that can lead to rapid self destruction By contrast the second installment is an exercise in spiritual rebirth which is anything but an easy task The other purpose of this combined project is to explore the absolute truism that placed in the wrong environment it is entirely possible for anyone to find themselves on the verge of madness Unfortunately that can also include the national sentiment you see around you every day and this second book also explores some deep seated foundational issues which previously made this country entirely unique Much of that foundation has been lost at this point and this new chapter in Steven's adventure takes him on a journey to rediscover his purpose at a time when the country is forced to also rediscover its own Undoubtedly this work will not be for everyone but again if the first installment of The Madman struck a chord with you the second might also provide you with some enjoyable reading and education However as with everything you approach in life enter at your own risk
