**The Boy's Own Annual**, 1895     *Srila Prabhupada-lilamrta, volume 1* Satsvarupa Dasa Goswami, Srila Prabhupada lilamrta tells the story of a remarkable individual and a remarkable achievement The individual is A C Bhaktivedanta Swami Prabhupada philosopher scholar religious leader saint The achievement is the revolutionary transplantation of a timeless spiritual culture from ancient India to twentieth century America This first of two volumes begins with the story of the events leading up to Srila Prabhupada's meeting his guru an encounter that ignited in Srila Prabhupada a slowburning flame of desire to take Krishna consciousness to the Western world His early life was a period of patient and transcendent determination as he prepared for a mission that would later be crowned with astounding success In August and September of 1965 Srila Prabhupada traveled alone aboard a steamship from India to New York City with no more than the equivalent of eight dollars in his pocket and no institutional backing but with unshakable faith in Lord Krishna and the instructions of his spiritual master It is the 1960s an era in which the children of those who fought World War II were leading a sweeping revolt against a society losing its soul to godless mass consumerism Into this milieu Srila Prabhupada brought a vision for a new kind of society a society born of a radical transformation of human consciousness from materialism to the loftiest spiritual and ethical idealism By 1967 he had arrived in San Francisco's Haight Ashbury district America's counter culture capital where he continued his work of calling America's youth to live up to their higher spiritual ideals and distributing the holy name of Krishna indiscriminately By the end of the volume we have seen Srila Prabhupada in England meeting the Beatles

Holland Japan Africa and finally back in India where he triumphantly returned with his dancing white elephants a group of his mostly Caucasian Western followers The research team assembled by the author traveled throughout the world to gather thousands of hours of interviews with hundreds of people who knew Srila Prabhupada diaries and memoirs from his students and more than seven thousand of Srila Prabhupada's letters Then the author and his team distilled this voluminous firsthand source material into a rich composite view of Srila Prabhupada a dazzling and colorful picture of one of the most remarkable lives of our times

Fleet Air Arm Boys Steve Bond,2020-11-18 A history of the Royal Navy's FAA since 1945 featuring a survey of the aircraft flown the conflicts fought and the daily life of those in service The RAF's continuing role in the projection of air power in the defence of the United Kingdom and its overseas interests since the end of the Second World War is well known However the same cannot always be said about the Royal Navy's Fleet Air Arm FAA in part due to the ten year gap between the retirement of the Harrier and the arrival of the F 35B and the Queen Elizabeth class aircraft carriers Flying high performance aircraft off a carrier demands not only a high level of skill but also a considerable amount of courage and determination not least to land back on a very small piece of real estate bobbing about in a rough sea often at night with no possibility of diversion The nature of these operations has meant that the accident rate and aircrew losses were very high and accepted as part of the job With the arrival of the Queen Elizabeth and the Prince of Wales it is time to redress the balance and bring the FAA's extraordinary story to the audience it so richly deserves through the words of those air and ground crews who have been part of it since 1945 What emerges is an amazing close knit esprit de corps often accompanied by a long standing and still simmering rivalry between the RAF and the Royal Navy over who should project air power overseas Enormous respect is shown by the aviators and ships senior officers for the aircraft handlers and maintainers who work long hours in a highly dangerous environment on the flight deck This first volume looks chronologically at every aircraft type flown in an air defence role since 1945 Involvement in conflicts including Korea Suez the Falklands Bosnia and elsewhere is included and perforce the cost in human lives even in everyday operations frequently emerges Balancing this are the everyday grind the good times the humour the runs ashore and the sense of pride in a job well done All delivered in the words of the men themselves
