Farber explores an entirely new leadership model one in which leaders aren't afraid to take risks, make mistakes in front of employees or actively solicit employee feedback. His book dispenses with the typical tired notions of what it means to be a leader. Farber's modern parable begins on a sunny California beach where he has a strange and unexpected encounter with a surfer named Edg. Despite his unassuming appearance, the enigmatic Edg seems to know an awful lot about leadership, and this brief interaction propels Steve into an unforgettable journey. Along the way, he learns about Extreme Leadership and what it means to take the Radical Leap, Cultivate Love, Generate Energy, Inspire Audacity, Provide Proof. Geared to people at any level who aspire to change things for the better, *The Radical Leap* is creating legions of Extreme Leaders in business, education, non-profits, and beyond. *Careers in Food Science: From Undergraduate to Professional* Richard W.

Hartel, Christina P. Klawitter, 2010-07-08 *Careers in Food Science* provides detailed guidelines for students and new employees in the food industry to ensure a successful start to their career. Every step towards a rewarding career in this rapidly evolving industry is covered, from which classes to take in college and which degrees to earn to internships and finally how to land and keep the first job. This book also provides day-to-day examples of what to expect from the many jobs available to help students decide what to do and where to go. The food industry includes a wide array of fields and careers, not only in food production and in academia but also in government and research institutions. In fact, it is estimated that by 2010 there will be 52,000 annual job openings for college graduates in the Food, Agriculture, and Natural Resources system in the U.S. alone. Written by people who have experience or are currently working in each sector, this book seeks to shed some light on starting or furthering a career in this exciting field. *Effective Treatment of Chronic Lyme Disease* Otto Salomons, 2009-11 This book is a self-help guide for patients suffering from chronic Lyme disease and/or other intracellular infections. The book also serves as an information resource for therapists and doctors interested in better treatment options for chronic Lyme disease. The book has come forward from the author's own struggle in getting rid of chronic *Borrelia* and *Babesia* infections. This was not a trivial exercise. During this quest, the use of bioenergetic testing and treatment methods was essential in being successful. The bioenergetic methods that have been applied are bioresonance and bio-photon based methods. The presented bioenergetic treatment methods can be applied alone or in combination with traditional antibiotics therapy.
