## **The River Of Lost Footsteps:**

**The River of Lost Footsteps** Thant Myint-U.,2006 When the prodemocracy uprising was finally crushed there was a muted international response The United States Japan the United Kingdom and Germany suspended bilateral aid But there was no pronounced outcry certainly not from the general public in Europe or in North America Nothing like the reaction to the massacre at Tiananmen Square a year later There were no calls for United Nations action No urgent transatlantic diplomacy Part of the reason was simple there were no television cameras present in the country at the time There was no CNN and no nightly news stories showing the depth of popular feeling or the violence that followed There were no pundits demanding retribution and little attention on Capitol Hill or at Westminster Much of the uprising had been in late August and early September just in time for the late summer holidays But the lack of response wasn't just attributable to the absence of television or to the fact that important people were vacationing in Martha's Vineyard or Tuscany It was also because Burma was almost entirely unknown To the extent that it was thought about at all it had the image of an exotic and dreamy backwater a gentle Buddhist country lost in time and quietly isolated hardly the sort of location for a foreign policy crisis It was an offbeat tourist destination unspoiled compared with neighboring Thailand perhaps even a model of an alternative approach to life unhurried and without the extremes of modern capitalism and communism Prodemocracy demonstrations in Burma It was like hearing about a coup in Shangri La What was to be done with a place like that Book jacket *The River of Lost Footsteps* Thant Myint-U.,2006 The River of Lost Footsteps Thant Myint-U.,2011-02-03 Burma is currently ruled by a harsh dictatorship unmoved by Western activists and sanctions It is also the sight of the longest running conflict in the world Drawing both on his own family's stories and his years of hands on political experience working with the United Nations Thant Myint U has written an illuminating account of how Burma's rich past informs its violent present and of how the world might transform the country's future In *The River of Lost Footsteps* Thant Myint U tells the story of modern Burma in part through a telling of his own family's history in an interwoven narrative that is by turns lyrical dramatic and appalling His maternal grandfather U Thant rose from being the schoolmaster of a small town in the Irrawaddy Delta to become the UN secretary general in the 1960s And on his father's side the author is descended from a long line of courtiers who served at Burma's Court of Ava for nearly two centuries Through their stories and others he portrays Burma's rise and decline in the modern world from the time of Portuguese pirates and renegade Mughal princes through the decades of British colonialism the devastation of World War II a sixty year civil war that continues today military repression and the emergence of Nobel Prize laureate Aung San Suu Kyi *The River of Lost Footsteps* is a work both personal and global a distinctive contribution that makes Burma accessible and enthralling Thant Myint U is the author of *Where China Meets India* and has written articles for the New York Times the Washington Post and the New Statesman The Works of Rudyard Kipling ... **Isolationist States in an Interdependent World** Helga Turku,2016-05-06 States that withdraw from the international system provide insight into an unexplored area of international relations in terms of rationality self interest power politics cooperation and alliances Indeed isolationism in an interdependent state system goes against the logic of modern society and state systems Using historical comparative and inductive analysis Helga Turku explains why states may choose to isolate themselves both domestically and internationally using comparative historical analysis to flesh out isolationism as a concept and in practice The book examines extreme forms of self imposed domestic and international isolation in an interdependent international system noting the effects on both the immediate interests of a ruling regime and the long term national interests of the state and the populace

**Local Politics, Global Impacts** Olivier Charnoz, Virginie Diaz Pedregal,2016-05-06 Serving as a touchstone for a much needed research program on social scales this volume challenges disciplinary boundaries and brings into focus a paradoxical state of affairs in contemporary thought the domain of local global interactions has not yet been identified as an object of analysis in its own right despite engaging a large multi disciplinary research community with strong potential for cross fertilization Bringing together internationally renowned as well as emerging scholars this book presents concrete case studies framed by theoretical concern with the issue of scale It demonstrates that a diverse array of theoretical methodological and empirical perspectives can productively converge on a common set of problems related to social temporal and spatial scales and contemporary globalization Local Politics Global Impacts will stimulate empirical and theoretical research that focuses on understanding how political concepts practices and instruments translate across scales and contribute to the emergence of a self aware community of scholars and practitioners focusing explicitly on modelling the dynamics of local regional global interactions
