## **The Ruling Class Modern Plays:**

*The Function of Song in Contemporary British Drama* Elizabeth Hale Winkler, 1990 This comprehensive study formulates an original theory that dramatic song must be perceived as a separate genre situated between poetry music and theater It focuses on John Arden Margaretta D Arcy Edward Bond Peter Barnes John Osborne Peter Nichols Harold Pinter Tom Stoppard Peter Shaffer and John McGrath

Economy of Identities in Traditional Chinese Theatre Ágota Révész, 2024-11-18 The book is intended to become a useful reference for theatre people who need China knowledge Its central questions are how is traditional Chinese theatre Chinese opera i e xiqu embedded in contemporary Chinese society What identities are created through theatre And most importantly how are these identities related to one another to form a complex economy of identities An insight is offered into the traditional Chinese theatre system composed of over three hundred theatre types vying for recognition in a complex relational network Understanding how this relationality works might also shed light on the functioning of other fields in the current socio cultural complex of China

**An Outline of Contemporary Drama** Thomas H. Dickinson, 1969

Innovations of Modern Korean Theatre in the 20th Century Meewon Lee, 2024-09-25 Lee provides a comprehensive insight into important topics within modern Korean theatre and conducts an in depth evaluation of the major discourses that shaped Korean theatre during the 20th century The book adopts a topical approach to explore modern Korean theatre through a more focused lens Examining key subjects such as Korean Playwrights Korean adaptations of Shakespeare the National Theatre feminist theatre and the intercultural potential of a Far Eastern theatrical bloc it provides a rigorous understanding of the evolution of Korean theatre during the 20th century and explores the moments of rupture and innovation within the chronological history of theatre The book is a vital resource of interest to scholars and students interested in East Asian culture and theatre specifically Korean culture

Playing with Identities in Contemporary Music in Africa Annemette Kirkegaard, 2002 The musics of Africa play a particularly important role in expressing and forming identities This book brings together African and Nordic scholars from both musicology and other disciplines in an attempt to analyse various aspects of the complex playing with volatile identities in music in Africa today Taken together the papers put new light on the assumed or real dichotomies between countryside and city collective and individual tradition and modernity authentic and alien The papers are based on contributions for a conference organized by the research project Cultural Images in and of Africa of the Nordic Africa Institute together with the Sibelius Museum Department of Musicology and the Centre for Continuing Education at Åbo Akademi University in Åbo Turku Finland in October 2000 The book includes a keynote speech by Christopher Waterman UCLA and an introduction by Annemette Kirkegaard Copenhagen University Southern West and East Africa are represented in the studies which cover a great variety of musics

License to Play Michal Daliot-Bul, 2014-10-31 Play is one of the most powerful cultural forces in contemporary Japan and in other late modern societies In this notable contribution to our understanding of play Michal Daliot Bul explores the intricate and dynamic

transformations of culture and play asobi in Japan Along the way she takes readers on a theoretically informed journey to better comprehend what makes play a significant cultural function asking such questions as How can we explain the dialectics between play as a biological instinct and play as a culturally specific activity What defines the best player How is creativity related to play What is the difference between play and playfulness Are some cultures more play oriented than others and if so why Daliot Bul argues that the cultural meaning of play and its influence on sociocultural life are not inherent properties of a fixed universal behavior called play but rather are conditioned by changing cultural contexts and competing social ideologies Spanning Japan s premodern period to the twenty first century the extent and expressions of play described in this book become thought provoking lenses through which to view Japanese social dynamics and cultural complexities As she approaches the post industrialized 1970s in Japan Daliot Bul s narrative also explores urban consumer culture as a system for organizing daily life the tension between institutional and contemporary popular cultures the production of new gender identities and the cultural construction of urban space License to Play is an insightful and engaging work that will appeal widely to scholars and students specializing in cultural studies cultural anthropology and Japanese studies Given the global fascination with Japanese popular culture and with play like pleasures in late consumer cultures the book will also find a readership among those interested in Japan in general and the universal phenomenon of play
