LOST and PROFOUND Mark McKirdy, 2015-03-03 LOST and PROFOUND The Rejected Book Reviews by Famous People is a unique and hilarious collection of unpublished book reviews seemingly written by household names who have reached the top in film television journalism science music sport art business politics and literature Included among the reviewers are George W Bush David Letterman Madonna Gore Vidal Shirley MacLaine Arnold Palmer Elton John Gloria Steinem David Suzuki Walter Cronkite Salvatore Sammy the Bull Gravano Jimmy Swaggart and Monica Lewinsky All the books reviewed are real and the astonishing diversity of interests of the celebrities demonstrates that shallow perception can never be disguised as deep thought no matter how cleverly expressed As revealed in the book's Introduction Mark McKirdy acquired this collection when he successfully bid for a small dusty box at a Sotheby's auction in 2013 Upon his return to Oxford University where he was the anthropologist in residence he opened the box and like Howard Carter marveling at the treasures he'd just unearthed from Tutankhamun's tomb in 1922 the author was holding a golden collection of book reviews by many of the world's most significant people Each review had apparently been commissioned by the prestigious literary journal The London Review of Books and each for reasons never revealed received a soul crushing rebuff by way of a large red Rejected stamp As with all well written satire LOST and PROFOUND will give readers pause for thought seconds for chuckling minutes of laughing out loud and hours of fun and if the celebrities mentioned in the book didn't actually write the reviews cited they probably wish they had

Family of Light Barbara Marciniak, 1998-10-01 With compassion and compelling insight the Pleiadians those system busting time travelers from the future take us on a journey

through the uncharted lands of The Book of Earth which comprises all human experience While our world goes belly up in these most absurd of times they offer us tools for survival During the crucial period between 1987 and 2012 a nanosecond in the annals of existence where secrets and solutions are stored we have the unique opportunity to move from the deepest of density to the highest of frequencies where we shift from linear to multi dimensional living To make this transition we must face not only the limitations of our 3 D world with its electronic manipulation and mind control we must embrace our own wounds and those of our ancestors and our leaders To heal ourselves to raise our frequency from one of despair and fear to one of great inspiration and love the Pleiadians urge us to rethink and reevaluate our lives You shall change you will change you must change because this is the season of change **443 Questions and Answers on New Age** Giovanni A. Handbook of Spiritualism and Channeling ,2015-03-31 Bringing together scholars from different disciplines and geographies the Brill Handbook of Spiritualism and Channeling presents modern spirit possession in a variety of contexts Weaving together the interrelated movements of Spiritualism along with its specific Franco and Latin American currents articles explore the nineteenth century beginnings of s ances and trance mediumship Channelling an heir to Spiritualism begun in the 1970s and still flourishing today is brought into direct conversation with its predecessors with a view to showing both continuity and disjuncture as the products of new cultural and religious needs The Brill Handbook marks the first extensive collection on these two interrelated movements and examines themes such as gender race performance and technology in each instance *Confessions of a Rebel Angel* Timothy Wyllie,2012-09-28 A rebel angel s observations from her half million years on Earth and her perspective on the spiritual journey of her human charge Explains the hidden motivations behind Lucifer s angelic rebellion 203 000 years ago and watcher Georgia s participation in it Explores the benevolent intentions of the Multiverse both in quarantining our planet to contain the rebellion and in now allowing our return Describes how the coming spiritual transition will be gentle and our future positive More than two hundred millennia ago the high angel Lucifer launched a revolution among the angelic hierarchy which led to the quarantine of 37 planets including our own from the rest of the Multiverse Now after eons of isolation the rebel angels are being redeemed and we are being welcomed back into the benevolent and caring Multiverse with a massive transformation of consciousness and a reconnection to our celestial destiny Writing through Timothy Wyllie rebel angel Georgia describes her half a million years stationed on Earth as a watcher Arriving 500 000 years ago as part of the first angelic expedition to Earth sent here to prepare the indigenous inhabitants for higher consciousness she details the archaic roots of humanity and explains the connections between the 7 dimensions of intelligent life and the chakras as well as how beauty and creativity are vehicles for angelic inspiration Interweaving her story with parallel observations of Wyllie s youth in World War II England and his spiritual journey beginning with the Process Church Georgia explains the motivations behind Lucifer s uprising and the lasting impact it has had among the angels on Earth and on humanity s natural spiritual development Revealing that

there are more than 90 million rebel angels currently incarnated on Earth almost all of whom are unaware of their previous celestial lives Georgia explains how this is their opportunity to personally redeem the past and contribute their particular talents to the world She calls on all of us especially these incarnate angels to wake up to who we truly are and embrace our spiritual heritage as earthly vessels for God's presence In this way we can prepare for the imminent transformation of global consciousness and embrace the astonishing and wondrous destiny facing our world **Archangel Raphael** Mary LaSota,
