The Philosophy of the Imagination in Vico and Malebranche Paolo Fabiani, 2009 This book is a **Fantasy** ,1969 retrospective view of modern philosophical anthropology through the works of two of its greatest exponents the author demonstrates how mythology the philosophy of history and language and Vico's concept of man had as a constant referral point Malebranche's psychology with its Cartesian formulation. The idolatrous and mythopoietic imagination that is described in La Scienza Nuova New Science has much in common with the pagan mind that is to say the mind subjugated to passions sensitivity and fantasy that is described in La Recherche The Search after Truth Some of the themes discussed here are myth the metaphoric nature of thought idolatry the formation of mentality the relationships which bind passions and representations and the association of ideas through iconic images Also discussed are other themes such as the structure of society and imagination imitation persuasion and social relationships communication within society between illustrious imaginations Moreover in Malebranche has been found a complex and complete theory of imaginative universals universali fantastici The philosophy of the imagination in Vico and Malebranche is translated and edited by Giorgio A Pinton **Story** Harold Scheub, 1998-10-01 What is the essence of story How does the storyteller convey meaning Leading scholar Harold Scheub tackles these questions and more demonstrating that the power of story lies in emotion While others have focused on the importance of structure in the art of story Scheub emphasizes emotion He shows how an expert storyteller uses

structural elements image rhythm and narrative to shape a story s fundamental emotional content The storyteller uses traditional images repetition and linear narrative to move the audience past the story s surface of morals and ideas and make connections to their past present and future To guide the audience on this emotional journey is the storyteller s art The traditional stories from South African Xhosa and San cultures included in the book lend persuasive support to Scheub's These stories speak for themselves demonstrating that a skilled performer can stir emotions despite the obstacles of space time and Expressions of the mind: Reality, Fantasy, and The Dark Side of Sanity, *Poetic fantasy and fiction* Louisa E. S. Lewis, 2023-12-29 C S Lewis s The Complete Works Fantasy Sci Fi Novels Religious Studies Poetry Autobiography is a rich tapestry of intellectual exploration that spans multiple genres Lewis renowned for his imaginative narratives and theological insights masterfully weaves fantastical elements with profound philosophical inquiries From the enchanting realms of Narnia to the cosmic odysseys in Out of the Silent Planet this collection challenges the boundaries of reality while his essays in religious studies provoke deep contemplation about faith and morality evidencing a literate style that is both accessible and profound reflective of mid 20th century thought C S Lewis a scholar of literature and a devout Christian draws from his own experiences both personal and academic to craft narratives that resonate with universal truths His time at Oxford University coupled with his conversion to Christianity during the tumultuous times of World War II profoundly influenced his writing The juxtaposition of imaginative storytelling with theological themes reflects Lewis s desire to explore human nature and spirituality amid a rapidly changing world Readers seeking a multifaceted journey through literature religion and self discovery will find Lewis s comprehensive collection a vital addition to their library This anthology not only entertains but also encourages introspection serving as an invitation to Ambivalence Transcended Gertrud Bauer reflect on the deeper questions of existence purpose and the human condition Pickar,1997 First comprehensive study in English of Germany s most prominent female author Annette von Droste H lshoff 1798 1848 remains Germany's foremost female author Perhaps best known for her novella Die Judenbuche and her ballads Droste's narrative ability in prose or verse and her gift for forging highly crafted often poignant lyrical works have brought her continuing and growing critical acclaim Recent critical interest has brought her new recognition as a forerunner in the struggle of women to find their own literary voices This volume is the first comprehensive study in English of Droste s works and authorial career It combines a broad view of her literary and epistolary writings with close readings of individual works **Figures of Reality** Roger Cardinal, 2025-05-01 Figures of Reality 1981 may be described as a polemic against those who

feel poetry to be remote from normal life an abstruse and empty game. The author argues from a contrary perspective shared by many poets in the Romantic and Surrealist tradition in which poetry is viewed as being vitally related to our awareness of reality This penetrating discourse on the roots of poetry in the imagination suggests that the fascination of an illusory image lies precisely in our consciousness of its deflection from reality Poets can take hold of and manipulate these moments they are adept in the construction of unreality The deliberate cultivation of such states of awareness has been a preoccupation of many poets and literary theorists among them Coleridge De Quincy and Rimbaud Roger Cardinal's commentaries on the writing of these men as well as other texts drawn from nineteenth and twentieth century European poetry argues that poems have meaning for us to the extent that we recognise the relationship of the figure of speech on the page to the figure of reality as shaped by our perception of the world around us In this way the book uniquely develops an original and subtle theory of the role of imagination in poetry Collected Papers VI.
