The Reign Of Mubarak Al Sabah:

The Reign of Mubarak Al-Sabah Salwa Al-Ghanem,1998-12-31 **The Reign of Mubarak Al Sabah** Salwa Muhammad Ahmad Alghanim,1990 **Mubarak Al-Sabah** Souad M. Al-Sabah,2014-05-15 Amidst political upheaval and the decline of the Ottoman Empire the State of Kuwait emerged as an independent country under British protection in 1899 with Sheikh Mubarak Al Sabah widely accredited as the instrument of its foundation But the path to power for Mubarak was not a simple or smooth one The author here presents an original perspective on the difficulties and controversies surrounding Mubarak s ascension With unparalleled insights and access to original sources she reveals the life personality and politics of a man who determined to secure a distinctive Kuwaiti state helped to shape the modern Middle East This biography provides a comprehensive overview of a time of significant political and social change in the Gulf when development diplomacy economics finance and trade were both routes to political independence and the perpetuation of British domination Remembered for his unyielding determination to boost the profile and wealth of Kuwait and establish his leadership at a turbulent time of regional war Mubarak engineered major change for Kuwait From the negotiations of the 1899 Anglo Kuwait Agreement during which Mubarak sought to outfox Lord Curzon and other British officials to his ambitions to tame tribal politics the author here presents a unique portrait of the man who transformed Kuwait from an Ottoman sub province to an independent state *Encyclopedia of the Peoples of Africa and the Middle East* Jamie Stokes,2009 *Encyclopedia of the Peoples of Africa and the Middle East* is a two volume A to Z reference to the history and culture of the peoples of Africa and the Middle East *Al-Sabah* Alan Rush,Alan de Lacy Rush,1987 *Kuwait and Al-Sabah* Rivka Azoulay,2020-07-23 The Emirate of Kuwait hardly resembles the city State it was at the start of the 20th century The discovery of oil in 1938 rapidly transformed the tiny tribal sheikhdom of the Al Sabah into a modern oil producing state where by the early 1980s citizens were enjoying one of the highest standards of living in the world While much has been written on the reasons why and how the Al Sabah became a ruling dynasty little is known about the nature of their authority and its relationship to Kuwait s social structure Rivka Azoulay shows how despite the rapidity of change in the oil rich family run emirate it is the pre oil dynamics of social and political life that dictate how society operates The author shows that Kuwait s ambitious diversification plans to reduce oil dependence by 2035 require a renegotiation of the regime s pact with society which threatens the pre oil alliances upon which the Al Sabah s regime has been built **All Things Arabia** ,2020-11-16 By employing the innovative lenses of thing theory and material culture studies this collection brings together essays focused on the role played by Arabia s things from cultural objects to commodities to historical and ethnographic artifacts to imaginary things in creating an Arabian identity over time The Arabian identity that we convey here comprises both a fabulous Arabia that has haunted the European imagination for the past three hundred years and a real Arabia that has had its unique history culture and traditions outside the Orientalized narratives of the West All Things Arabia aims to dispel existing stereotypes and to stimulate new thinking

about an area whose patterns of trade and cosmopolitanism have pollinated the world with lasting myths knowledge and things of beauty Contributors include Ileana Baird Marie Claire Bakker Joseph Donica Holly Edwards Yannis Hadjinicolaou Victoria Hightower Jennie MacDonald Kara McKeown Rana Al Ogayyel Ceyda Oskay Chrysavgi Papagianni James Redman Eran Segal H Iya Ya c o lu and William Gerard Zimmerle **Poet and Businessman** Leif Stenberg, 2022-08-30 A history of contemporary Kuwait as seen through the life of an individual Kuwaiti This book reviews and analyzes the modern history of Kuwait through the life of Abd al Aziz Sa ud al Babtain a wealthy businessman philanthropist and poet He is the head of a large influential international cultural foundation based in Kuwait City Abd al Aziz s life story tightly interweaves with modern discussions on the history of the state of Kuwait There are very few books taking a collective grip on the history of the state of Kuwait Likewise there are very few studies about the generation of Gulf individuals who experienced benefitted from and even suffered from the discovery of oil and who has been a crucial part of socioeconomic and cultural developments in countries like Kuwait in recent history By constructing a cohesive overview of the modern history of Kuwait enriched by the life of an individual that has lived through the better part of that particular history this book fills a lacuna in contemporary scholarship on the Middle East and especially the Arabian or the Persian Gulf Stateless in the Gulf Claire Beaugrand, 2019-09-19 The Kuwaiti population includes around 100 000 people approximately 10 per cent of the Kuwaiti nationals whose legal status is contested Often considered stateless they have come to be known in Kuwait as biduns from bidun jinsiyya which means literally without nationality in Arabic As long term residents with close geographical ties and intimate cultural links to the emirate the biduns claim that they are entitled to Kuwaiti nationality because they have no other But since 1986 the State of Kuwait has considered them illegal residents on Kuwaiti territory As a result the biduns have been denied civil and human rights and treated as undocumented migrants with no access to employment health education or official birth and death certificates It was only after the first ever bidun protest in 2011 that the government softened restrictions imposed upon them Claire Beaugrand argues here that far from being an anomaly the position of the biduns is of central importance to the understanding of state formation processes in the Gulf countries and the ways in which identity and the boundaries of nationality are negotiated and concretely enacted The Making of Contemporary Kuwait Mahjoob Zweiri, Sinem Cengiz, 2024-06-03 This book explores the contemporary history governance foreign policy political economy culture and society of Kuwait It highlights the dynamics of the country putting forward both an overview of each subject covered and new research findings It begins by providing a historical understanding of state formation and goes on to examine state structure including the ruling monarchy state legitimacy and the creation of the Constitution and the National Assembly It considers foreign policy including the tools of diplomacy the state s regional and international approach and the factors that have formed and reformed Kuwait s strategic policy in the global arena It assesses the economy including rentierism the labour market both for locals and for migrants the class system and the process of Kuwaitization and it
