Silverthorne, 2018-10-18 Opening with an account of print portraiture facilitating Franz Liszt's celebrity status and concluding with Riot Grrrl's noisy politics of feminism and performance this interdisciplinary anthology charts the relationship between music and the visual arts from late Romanticism and the birth of modernism to postmodernism while crossing from Western art to the Middle East Focused on music as a central experience of art and life these essays scrutinize the musicalisation of art focusing on the visual and performing arts and detailing significant instances of intra art relations between c 1840 and the present day Essays reflect on the aesthetic relationships of music to painting performance and installation sound and silence time and space The insistent influence of Wagner is considered as well as the work and ideas of Manet Satie and Cage Thomas Wilfred La Monte Young and Eliasson What distinguishes these studies are the convictions that music is never alone and that a full understanding of the isms of the last two hundred years is best achieved when music's influential presence in the visual arts is acknowledged and interrogated

The Archival Turn in Feminism Kate Eichhorn, 2013-07-26 In the 1990s a generation of women born during the rise of the second wave feminist movement plotted a revolution These young activists funneled their outrage and energy into creating music and zines using salvaged audio equipment and stolen time on copy machines By 2000 the cultural artifacts of this movement had started to migrate from

basements and storage units to community and university archives establishing new sites of storytelling and political activism The Archival Turn in Feminism chronicles these important cultural artifacts and their collection cataloging preservation and distribution Cultural studies scholar Kate Eichhorn examines institutions such as the Sallie Bingham Center for Women's History and Culture at Duke University The Riot Grrrl Collection at New York University and the Barnard Zine Library She also profiles the archivists who have assembled these significant feminist collections Eichhorn shows why young feminist activists cultural producers and scholars embraced the archive and how they used it to stage political alliances across eras and generations A volume in the American Literatures Initiative

Life Narratives and Youth Culture Kate Douglas, Anna Poletti, 2016-12-26 This book considers the largely under recognised contribution that young writers have made to life writing genres such as memoir letter writing and diaries as well as their innovative use of independent and social media The authors argue that these contributions have been historically silenced subsumed within other literary genres culturally marginalised or co-opted for political ends Furthermore the book considers how life narrative is an important means for youth agency and cultural participation By engaging in private and public modes of self representation young people have contested public discourses around the representation of youth including media health and welfare and legal discourses and found means for re-engaging and re-appropriating self images and representations Locating their research within broader theoretical debates from childhood and youth studies youth creative practice and associated cultural implications youth citizenship and autonomy the rights of the child generations and power relationships Poletti and Douglas also position their inquiry within life narrative scholarship and wider discussions of self representation from the margins representations of conflict and trauma and theories of ethical scholarship
