*The Queen: Kings of Castle* Eve Newton, The crown weighs heavy on my head and the Castle University's ivy-clad walls have become a gilded cage. As the dust settles from betrayal and bloodshed, I stand amidst the wreckage not just as a mafia heiress but as the Queen in a game where hearts are for the taking and every move could be a deadly trap. The men I've let into my heart are the pillars of my reign. My strength. My weakness. In a world where loyalty is measured in blood, we stand united because when the swords are drawn and alliances shatter, it's not just my love I'll fight for; it's their lives and the future of an empire built on a legacy of our pasts. The gambit is set, the players ready, and I must make my move. In this war of intrigue and danger, it's not just about winning; it's about surviving. This is a dark academia reverse harem with plenty of TWs. This takes place in an entirely fictional world set in the UK. This is the second book of three in the *Kings of Castle*.
