Estimating and Cost Planning Using the New Rules of Measurement Sean D. C. Ostrowski, 2013-09-10 Estimating and Cost Planning Using the New Rules of Measurement The RICS New Rules of Measurement mean that the construction industry now has a way of allowing a more consistent approach to the measurement and estimating of buildings from the start of a project right through until the end and beyond Estimating and Cost Planning Using the New Rules of Measurement offers comprehensive guidance on all the technical competencies concerned with estimating throughout the precontract stages It provides a full commentary to the NRM with detailed and comprehensive examples of how to measure estimates and cost plans in accordance with this new prescriptive approach For both students and practitioners the acquisition of technical competencies is by practice so this book offers step by step worked examples to follow as well as an exercise on each topic Contents Introduction A Practical Introduction to Measurement Code of Measuring Practice How to Use the New Rules of Measurement 1 NRM 1 Estimates NRM 1 Cost Plans Information Preliminaries Risk Overheads and Profit Unit Rates Cost Analyses Helps dispel anxieties about using a new method in an important area of fee generation Based on the author's successful Roadshows organised by the RICS to promote the NRM Companion websites provide support for learning <http://ostrowskiquantities.com> and www.wiley.com/go/ostrowski estimating

Rebuilding Construction (Routledge Revivals) Michael Ball, 2014-03-18 First published in 1988 this book analyses the changes that took place in the economic organisation of the British construction industry throughout the 1970s and early 1980s in particular considering its social and economic structure and examining the causes of its poor industrial record Michael Ball describes how the major firms survived the economic slump between 1973 and 1982 when construction workloads collapsed by substantially restructuring their operations relationships with clients workforces and subcontractors Detailed attention is paid to construction firms the workers they employ the influence of trade unionism and the role of other agencies in the building process Reissued at a particularly challenging time for the British construction industry this relevant and practical title will be of value to students and academics of economics and social change as well as those on courses for construction professionals
