The Church in the Power of the Spirit Jürgen Moltmann, 1993-09-01 This book which in my opinion is Moltmann's best can be recommended on the basis that it contains challenging and creative insights that can be used by the discriminating reader in the service of church renewal Moltmann represents the theology of liberation at its best and those who wish to know more about this theology would do well to study this creative and searching theologian Donald G Bloesch Christianity Today Moltmann is perhaps unsurpassed among his contemporaries in keenness of insight and rhetorical power Daniel L Migliore Theology Today Moltmann presents a stirring vision which every Christian community could well ponder With a missionary emphasis he seeks to help the reader face the question of the church's identity in the light of the contemporary political economic and social scene Religious Education Graham Greene Lynette Kohn, 1961 **The Power of Religion**

**Study of Graham Greene's "The Power and the Glory"** Ewald Ottowess, 1979 THERE IS POWER IN PRAISE GODSWORD GODSWILL ONU, 2015-03-08 God is fearful in praises and there is great power in praise If you have done all you know to do without success use the weapon of praise and the result you will get will blow your mind A classic example of the power of praise is when the people of Moab Ammon and Mount Seir came to battle with Jehoshaphat king of Judah The Lord fought for them as they sang and praised But I want you to notice that it was not praises alone that secured the victory for

them Firstly they fasted secondly they prayed thirdly they believed God fourthly they appointed holy and sanctified people to offer praises and fifthly they sang and praised     The Foundations of Social Order R. J. Rushdoony, 2009-11-06 The Foundations of Social Order was and remains the most unique book ever written in the history of Christendom Nothing like it has been written before and nothing like it has been written since Christian and non Christian historians have generally agreed on at least one thing about creeds and history they are not connected in any meaningful comprehensive way A few non Christian historians Harold Berman and his Law and Revolution being a good example have mentioned that the Christian creeds have been instrumental in shaping the legal views and therefore the legal structure of the West But a general study of how the creeds formed the West and its unique outlook has always been lacking the reason being that both Christian and non Christian authors are eager to constrain the significance of the creeds to the church and the history of theology Even Philip Schaff in his three volume work The Creeds of Christendom confines their value and use to the church The view of the creeds has been dualistic creeds were separated from history and history was left to follow its own course independent from the development of Christian theology and the perfection of the faith of the saints     *The Power and the Glory* Graham Greene, 2003-02 Medical research has made it possible for doctors to defeat many diseases once considered unconquerable
